# Chancellor's Award of Distinction

The Chancellor's Award of Distinction acknowledges the University of California, Irvine's most outstanding graduating seniors. Awarded by the UC Irvine Alumni Association, these students represent exceptional academic achievement, and a commitment to cutting-edge research, leadership and service to UCI. Selected by a committee of alumni, recipients can be identified by the blue and gold shoulder cord worn with their commencement regalia.

# | Message from the Chancellor

**Dear Class of 2020:**

Congratulations on reaching this very special milestone in your life. Today, as we celebrate the University of California, Irvine's 55th commencement, enjoy the pride, nostalgia, and excitement of the moment. As you participate in these time-honored graduation rites, which although performed remotely have not lost any of their meaning or importance, I encourage you to remember that you did not achieve this success alone or in a vacuum. Please take the time to thank the family, friends, and mentors who have supported and shepherded you through this journey.

All of us are extremely proud of your accomplishments and the contributions you have made to UCI and our community. I am even more excited, though, by what lies ahead for you, as you enter the world enabled, empowered, and inspired to succeed in whatever endeavors you choose to pursue.

Today, as you join the proud alumni of UCI, you become part of a family of graduates who are leaders, innovators, and teachers who make a difference in our global community. Please come back and visit us, update us with news on your careers, and stay in touch through the Alumni Association. Wherever the future leads you, you will always be remembered at UCI.

Fiat Lux,

**Howard Gillman**

Chancellor

# Message from the Vice Chancellor, Student Affairs

## **Dear Class of 2020 Graduates:**

On behalf of the Division of Student Affairs, I would like to congratulate you and your family on this amazing accomplishment.

You are now a UCI graduate and now join the ranks of over 188,000 alumni from across the world. You should be proud of all that you have accomplished during your time at UCI. My sincere hope is that you have taken the past years to learn more about yourself, your community, and your academic major. College is truly a transformative time in one's life and I am sure you have taken everything you have learned during your collegiate time to transform not only yourself, but also the world.

As you close this chapter in your life, take some time and thank your family and friends for their support. Your graduation from UCI is a reflection of their love and support for you through this time. Make sure to take time and savor this moment. I hope that you will remember your college days fondly, and I hope you will tell the story of UCI and how your life was changed from being here. You are an Anteater for life and we could not be more proud to have you as one of our proud alumni.

Zot, Zot, Zot!

**Willie L. Banks Jr., Ph.D.**

Vice Chancellor, Student Affairs

# Claire Trevor School of the Arts

## Dear 2020 Claire Trevor School of the Arts Graduate,

. . . . . So there you were, three months ago, almost finished with a great chapter in your life, about to prepare for graduation. Three months ago. Gives you a clear sense of just how much control we actually have. Then came COVID 19 and we were all reminded of the importance of improvisation. But, of course, not everything has changed: the friends you've made, the creative work you've done – they remain.

You've been such an integral part of the amazing CTSA experience, and now, despite everything, you become one of tomorrow's creative leaders in – and for – the arts, a voice for the vital, central role the arts play in our increasingly complicated world. You've done "the UCI phase" of your research into your own role, as you've honed and broadened your skills with us, but of course it's just a beginning. Our hope and expectation is that your time in the School of the Arts has given you the tools – and maintained the passion – you'll need to achieve your highest aspirations in the next chapters of your life as a citizen and as an artist.

We send special thanks to your parents, relatives, friends and other mentors for the vital contributions they have made to your success at UCI, before and during COVID. And a special thanks to those alumni and others whose partnerships with the Claire Trevor School of the Arts, and with you, have provided support for the programs and facilities that have contributed to your success at UCI.

All of us who will remain behind in CTSA, who have worked with you and watched you develop as an artist and as a person during your time with us, are extremely proud of your many accomplishments, eagerly await your next creative achievements, and hope that you will forge a close connection with us as you continue to use the skills and talents you discovered and shaped during your time at UCI.

All my very best wishes for your brilliant future!

**Stephen Barker, Ph.D.**

Dean, Claire Trevor School of the Arts

## About Claire Trevor

While millions knew Claire Trevor (1910-2000) as one of America's most distinguished actors, those closer to her knew her as a person deeply devoted to her family, as well as a passionate advocate for the arts and arts education. The Claire Trevor School of the Arts at the University of California, Irvine is proud to be entrusted with Claire Trevor's legacy and honors her spirit by embracing the values she believed in and practiced throughout her life.

# | School of Biological Sciences

## **Dear Class of 2020,**

Congratulations on your Commencement from UC Irvine and the School of Biological Sciences. Through hard work, determination, courage and resilience, you have completed one of the most rigorous undergraduate programs on the campus with the added challenge of a global pandemic this year. Now you are well trained and positioned to achieve great things in your future endeavors.

Today, your hard work and accomplishments at UCI BioSci are being lauded with a virtual celebration of your Commencement. Your class has historical significance for UCI as the first one to complete its studies working remotely during a massive public quarantine. From tomorrow onward, as one of our thousands of BioSci alumni, remember what you have achieved, what you have learned here about science and technology, and apply it well. You will find that UCI has helped prepare you for your future, whatever opportunities and challenges it holds.

As you embark on the next phase of your lives, I encourage you to reflect proudly on your time here. Remember the three words I spoke of during your ceremony: commitment, courage, connection. I urge you to stay committed to attaining your goals; to be courageous in conquering your fears; and to stay connected with the school as your life's journey continues. That way we can continue to support you, participate in your successes and provide you with the opportunity to inspire the generations of students who will follow in your footsteps through UCI BioSci.

Congratulations,

**Frank M. LaFerla, Ph.D.**

Dean and Chancellor's Professor  
School of Biological Sciences

# The Paul Merage School of Business

**With life comes change, and with change comes opportunity.** On behalf of everyone at The Paul Merage School of Business, I offer my sincere congratulations to you – and to all those family and friends who have supported you – as you embark on the next phase of opportunity in your life. Despite the challenging times that we – and the world – have faced together, this is still a day of celebration, and we are all reminded how hard you have worked and how you have grown to enable yourself to take advantage of the opportunities ahead.

This year, the Merage School graduates more than 970 leaders in business, including those from our Undergraduate business major; our Full-Time MBA, Fully Employed MBA, Executive MBA, Health Care Executive MBA programs; our three Specialty Masters programs in Professional Accountancy, Finance, and Business Analytics, plus our inaugural class of Masters in Innovation & Entrepreneurship; and our Doctoral program. Each of you has earned a degree that will continue to pay dividends for the rest of your life.

The Merage School is proud of our part in developing world-ready visionary leaders who will inspire trust, think critically, drive innovation, and challenge the status quo. Our rigorous academic programs are taught in a purposefully collaborative setting surrounded by leading global executives from our vibrant and supportive Orange County business community and beyond. We are committed to our vision to be at the forefront of education and research among globally preeminent business schools.

In the constantly evolving environment of a digitally-driven world, our world-class research faculty are developing and disseminating the knowledge necessary for business and not-for-profit communities to anticipate and take advantage of emerging challenges. A critical component of economic success is effective and timely business strategies designed to sustain profitable business growth. The Merage School's strategic plan builds on the strength of the school to deliver educational excellence valuing diversity, collaboration, inclusivity and respect.

Today, you join an elite group of alumni across the globe. I encourage you to return to your alma mater often, whether to seek further enrichment, expand your network, or to give back to current students seeking your mentorship and support. You have a responsibility as a proud Merage School alum to serve as an ambassador for the School; I hope we have earned your enthusiasm and willingness to do so.

Finally, we at The Paul Merage School of Business thank you for the enrichment you have brought to the School, for the lessons you have taught us, and for the opportunity to share in your success on this special day. We are the better for it, and will always continue to strive to be the very best.

A handwritten signature in black ink that reads "Eric R. Spangenberg". The signature is written in a cursive, flowing style.

**Eric R. Spangenberg, Ph.D.**

Dean, The Paul Merage School of Business

# | School of Education

## **Dear Graduates,**

I have the great privilege of congratulating you on the successful completion of one of the School of Education's innovative programs. Your graduation from the Doctor of Philosophy in Education, Master of Arts in Teaching, Bachelor of Arts in Education Sciences or CalTeach program has prepared you to lead a meaningful and productive life, making a difference in the lives of others through contribution to formal and informal education.

The concepts and competencies you have mastered in your program are critically important for the challenges we currently face. The complex problems that our society is confronting in the pandemic place greater importance on education than ever before. Our public health, economic vitality and democratic political system are dependent on an educated citizenry.

The knowledge and skills you have developed will be invaluable in contributing to education through outstanding research, policy, curriculum, pedagogy and advocacy. Some of you will apply key educational principles in classrooms, out-of-school programs and community life. Others will conduct critical research for creating and implementing policy changes. Still others will design software and technologies for learning. I am grateful for your commitment to improving education for all, and look forward to seeing the positive impact you all create.

In the years ahead, you will be well served to remember the lessons learned in your studies at UCI. You have learned to recognize the role of persistence, grit and resiliency in overcoming challenges in both educational processes and life. You understand that education and human development are lifelong journeys that do not end on graduation from school, but must continue to be nourished and cultivated in your daily lives. Great educators are strong learners. I am confident that you will continue to grow, change and learn to meet the challenges of tomorrow.

Congratulations on your current accomplishments and best wishes for great success in your future endeavors.

**Richard Arum, Ph.D.**

Dean, School of Education

# The Henry Samueli School of Engineering

**It is with great excitement** that I offer my heartfelt congratulations to the Samueli School of Engineering Class of 2020. As a UC Irvine graduate, you are now a member of an esteemed global Anteatler community of engineering alumni and friends.

While we can't celebrate your achievements in person, we can honor the fact that with hard work and perseverance you've completed your degree, taking the first step toward future success and establishing the foundation for a better life for you and your family. No one could have imagined that your commencement celebration would take this unusual form, but I believe this unprecedented situation will contribute to making you a stronger and more resilient person when facing new opportunities and challenges. We are proud of your determination and honor your achievements.

As the next generation of engineering innovators, you now have the knowledge, skills and leadership to tackle today's global grand challenges. With a UCI Samueli School degree, you are equipped to impact the world in ways we never could have imagined. We have every confidence in your ability to give back to society by engineering a better future.

As young alumni, I encourage you to do the following: maintain our values and devotion to excellence and lifelong learning, commit to truth and service as your moral compass, and remember to embrace diversity and individual differences. Today, you join extraordinary alumni who have entered the world with a profound sense of purpose in pursuit of their professional and academic careers. Never forget your alma mater and the knowledge that you are part of a great and distinguished heritage. We will not forget you. Be bold, be brave, be your best.

Zot, Zot, Zot!

**Gregory Washington, Ph.D.**

The Stacey Nicholas Dean of Engineering  
The Henry Samueli School of Engineering

# Susan and Henry Samueli College of Health Sciences

## **Congratulations to the Class of 2020, the third graduating class of the Susan and Henry Samueli College of Health Sciences!**

The college, which includes the School of Medicine, the Sue & Bill Gross School of Nursing, the planned School of Pharmacy & Pharmaceutical Sciences, the planned School of Population and Public Health, and the Susan Samueli Integrative Health Institute, was recently endowed with a naming gift by Susan and Henry Samueli, one of the seven largest contributions ever to a single public university. The endowment positions the college as a bold, new leader in health education, research, and care, incorporating evidence-driven, team-based, whole-person integrative approaches across all our programs.

Like the college, you have reached a major milestone in your career development. Whether your path is in medicine, nursing, pharmacy, pharmaceutical sciences, or population and public health, you are poised to enter a field where you will make a difference, both to individuals and your community. UCI health sciences research and clinical care have been critical during the COVID-19 pandemic, advancing the health and wellbeing of our community and beyond through rapid, impactful innovation. The pandemic has demonstrated the power of working together across health disciplines to solve the problems facing society. You graduate with the education, passion and skills you need to address this challenge and those we will face in the future. Seize the opportunity to help others. The talents you each bring are unique and we know you will continue to make us proud.

Here, we will remain committed to helping you achieve your goals since we measure our own success by your accomplishments and satisfaction in service. We are delighted to recognize you as graduates of UCI and the Susan and Henry Samueli College of Health Sciences. You have an open invitation to come back to share your experiences. Please stay in touch.

Proudly yours,

**Steven A. N. Goldstein, M.D., Ph.D.**

Vice Chancellor, Health Affairs

# School of Medicine

**Congratulations on your graduation, Class of 2020!** On behalf of the faculty and staff of the University of California, Irvine School of Medicine, I commend you for achieving this milestone.

As you pause to reflect on all that brought you to this moment, you are no doubt grateful to many – from family to friends to mentors – who supported, encouraged and advised you along the way. Please know they are cheering your accomplishments – even if it may be through Zoom! – along with every School of Medicine faculty member who had the privilege of interacting with you during your time at UCI.

Times may change – as we have all witnessed during this unprecedented time in history – but education is enduring and your medical journeys will continue to grow. Your graduation may mark the end of your formal school education, but it begins a lifetime of professional learning.

UCI School of Medicine is dedicated to advancing the knowledge and art of medicine. Each year, we applaud the achievements of our medical school graduates, and celebrate as our residents, fellows as well as our master's and doctoral candidates complete rigorous programs. As a student of medicine, genetic counseling, environmental health and safety, epidemiology, or biomedical and translational science, you have the unique opportunity to make a significant, very personal impact on the lives of many people. Your training was designed to prepare you for this, encouraging curiosity and motivating you to always make new discoveries and seek new and better treatments to improve health – whether the discoveries belong to you or others.

I encourage you to find a way to harness the unparalleled experience you're living through at this point in time. Use it to your advantage and know that it will play a part in shaping who you become. As your class, the class of 2020, prepares to embark on a career in research or post-graduate training, I truly believe it will be you who will change the world for the better. As you enter the ranks of your chosen profession, you become the public face of this school. Through your work, people will see the positive impact of our mission: Discover, Teach, Heal.

For those entering residency, you have chosen 20 different medical specialties, with nearly 75 percent of you entering training programs in California – many in underserved areas. It is a privilege to have you join us in the profession of medicine!

We extend our best wishes for every success as you continue your lifelong journey of learning. Once again, congratulations to the UCI School of Medicine Class of 2020!

**Michael J. Stamos, M.D.**  
Dean, School of Medicine

# Sue & Bill Gross School of Nursing

**On behalf of the University of California, Irvine Sue & Bill Gross School of Nursing faculty and staff,** it is my privilege to congratulate the members of the graduating class of 2020. Joined by your parents, family and friends, I am pleased to celebrate this magnificent milestone with you.

I am thrilled that your educational journey has inspired you to pursue nursing as your profession, and, in turn, make the world a better place. As a result of the historic challenges we have been facing, the need to transform the way health care is delivered and to generate the science that will change the world as it relates to health and wellness is more important than ever. Whether you choose to pursue a beginning career with patients in a hospital setting or in the community, or in advancing scientific knowledge, you all have chosen a field that is undergoing significant transition and growth; creating tremendous challenges and opportunities for innovative contributions.

As you make your important mark on the nursing profession, I can unequivocally say that you will enjoy an emotionally fulfilling and personally rewarding career ahead. Although there will always be rewards and challenges, your career in nursing will provide you with the unique opportunity to serve as strong ambassadors for the delivery of compassionate care, cutting edge research, and hopefully healthcare policy change; enriching the health of societies around the world, one patient at a time. Never forget that promoting the well-being of the individual, family and community is your foundation.

To each graduate who will be individually recognized, I offer my best wishes and heartfelt congratulations. We look forward to seeing where your future endeavors may lead and to hear about the impact you will have in the nursing profession locally and globally. As new members of the Sue & Bill Gross School of Nursing alumni, we hope that you will continue to move forward in your career trajectory and that you think of the students coming forward and how to support them in their journey. We hope to keep in touch!

With best wishes,

**Adey Nyamathi, Ph.D., ANP, FAAN**  
Founding Dean, Sue & Bill Gross School of Nursing

# Department of Pharmaceutical Sciences

**Congratulations to the UCI Pharmaceutical Sciences Class of 2020.** Today we celebrate your years of hard work and dedication. This achievement marks the beginning of a new and exciting chapter in your lives. You have chosen to pursue a career in the dynamic and rapidly changing field of science and medicine. Every day, pharmaceutical scientists are improving our society's health and wellbeing in health care, academia, research, and government.

Our program has equipped you with the scientific background to succeed in any biomedical professional school or career, but more importantly, we have trained you to be transformative drivers of change. As pharmaceutical scientists, you will help advance medicine, apply innovation, and add healthy years to human life. As many of you head off to pharmacy school, medical school or the workforce, you will undoubtedly play an integral role in shaping a brighter, healthier future.

Today is the beginning of an exciting opportunity to make your mark in the world. I have no doubt you will succeed on any path you choose. We are privileged to be a part of your journey, and you will always be a part of our Anteater family. We look forward to hearing from you in the future about your achievements, so please keep in touch.

Congratulations from all of us in the PharmSci department!

**Jan Hirsch, Ph.D.**

Dean, Department of Pharmaceutical Sciences

# Program in Public Health

**Congratulations to the Class of 2020** and all our Public Health undergraduate, masters, and doctoral students. To get here today was no easy feat. I am inspired by your pursuit of excellence often in the face of adversity. Your achievements required hours of dedication and sacrifice and I know how hard each of you worked to learn about and engage in research, training, and practice of public health. A number of you were in my infectious disease epidemiology class and together we experienced the unfolding of an epidemic. Never before has public health been so front and center in our world. Indeed, preparing for and responding to the COVID-19 pandemic is the very definition of public health practice and I commend you all for the outstanding work you've already engaged in as ambassadors of public health throughout the UCI campus, the community and beyond. Hard lessons that we have learned together include reminders that disparities are not just found in chronic disease, but in infectious disease as well and that even in 2020 not everyone is equal across information, testing or care. So please know that your education and public health skills are very much needed today, perhaps, as never before. Be a flexible thinker; public health is fluid; be compassionate and have passion. Defend science and as you set out to improve the health and wellbeing of your own communities, be confident in the knowledge that your training serves as a foundation from which to engage stakeholders toward sustainable solutions.

To quote Paul Farmer, Harvard professor of Global Health and Social Medicine, "from urban centers to rural villages, wherever public health practitioners are combatting disease, infectious or non-communicable alike, you are improving health and well-being for all us. For the world's most poor and vulnerable especially, this translates to a meaningful contribution to the movement for global health equity."

As you go forward, please do not forget your journey with us. We want to know about your achievements in your careers and personal lives. I will be looking to you to stay involved and support our activities, scholarships, and programs. Be mentors; help us network and remember you will always be a public health Anteater, but now you've grown up and entered the Anteater alumni family. A connection to UCI that lasts a lifetime. Public Health graduates you make us proud. Congratulations!

**Bernadette Boden-Albala, Ph.D., M.P.H.**

Founding Dean, Program in Public Health

# I School of Humanities

**On this happy occasion of your commencement,** you each are concluding your study at UC Irvine and now embarking on your new life as the proud holder of a University of California degree in a humanities field.

Let me be the first to congratulate you. You are a select group who worked tirelessly to be admitted to UCI, and to excel in your majors, putting in hard nights of writing papers and studying for exams and meeting your requirements one by one. Your goal was not just getting a good grade on one assignment, or completing a course, or even meeting all the requirements of your major. It was always something that lies beyond the boundaries of the campus and its program: opening up the opportunities in your life that your UCI degree makes possible, and that at this moment of commencement you can't even fully foresee. These include the possibility to go on to more advanced study in graduate or professional school; to make your mark in government, media, or business; or to lead and serve in your community, at home or perhaps elsewhere in the world.

The humanities focus on the histories and cultures of the world, the images and stories we use to represent the human experience, and the theories and concepts that we use to make sense of our world. Human meaning-making is an ongoing and ever-evolving process, and the skills you have gained in understanding and contributing to it never go out of date or lose their relevance. Our world is changing at an extraordinary pace. We need humanities-trained leaders and thinkers like you to help us to make sense of it all, make conscious and ethical choices, and imagine new ways of living and working in a radically changed environment.

You will bring the skills you have learned here – to listen and read closely, to think critically and analytically, to interpret texts and images, and to write with clarity and power – to all the work you have ahead of you. We have prepared you not just for a job, but for a career of your own making, which may have many new turns and changes along the way.

But through the lenses of the humanities, we have also prepared you to appreciate better the beauty, complexity, and richness of the world, to experience it with depth and knowledge. That is not just an enhancement to your career or your earning power; it is the basis of a richer, more authentic, and more meaningful life.

I wish you every success in your future, and the deepest appreciation for what you have given us by your presence in the School of Humanities during your studies.

Congratulations and enjoy your commencement!

A handwritten signature in black ink, appearing to read 'Tyrus Miller'. The signature is fluid and stylized, with a large loop at the end.

**Tyrus Miller, Ph.D.**

Dean, School of Humanities

# Donald Bren School of Information & Computer Sciences

**The world runs on technology:** from artificial intelligence to big data, from digital media and learning to digital health, from cybersecurity to human-machine interaction. These technologies represent only a few of the cutting-edge areas that faculty, students and alumni from the Donald Bren School of Information and Computer Sciences (ICS) have dedicated themselves to in order to make the world a better, safer place for the future.

As students, and now alumni, of ICS, the only computing-focused school in the UC system, you were part of helping us grow into one of the largest and most diverse computing programs in the country. ICS prides itself on providing computer science and information technology leadership for the 21st century through research and development of emerging technologies, innovative and broad computing curricula, and collaborations that address key societal needs. You have shown incredible creativity and entrepreneurial spirit during your time at UC Irvine, and you are now prepared to lead the way in creating a bright future for society.

As ICS continues to explore the various ways technology can revolutionize the world around us, there will be many excellent opportunities for you as ICS alumni. Whether you are continuing your education or joining the workforce, remember that you are now part of a growing network that is nearly 12,000 ICS alumni strong who want to see you succeed. Please stay in touch so that we can celebrate all of your successes as you go off to pursue your dreams.

Congratulations to the Class of 2020! The ICS faculty and staff take great pride in your accomplishments and look forward to watching you continue to make a difference in the world.

Zot! Zot! Zot!

**Marios Papaefthymiou, Ph.D.**

Ted and Janice Smith Family Foundation Dean  
Donald Bren School of Information & Computer Sciences

# | School of Law

## **Dear Graduates and Guests,**

I know that I speak for our faculty, administrators, staff and the entire UCI Law community when I congratulate the Class of 2020, and thank them for all they have done to enrich the law school and the broader campus.

When they began their journey at UCI Law, no one could have predicted that we would be living through a global pandemic. The Class of 2020 could have buckled under the pressure. They could have given up. They could have turned away from their commitment to public service. But they did not.

Instead, the Class of 2020 rose to the occasion. They continued to fight on behalf of the most vulnerable in our communities, including our own UCI Law community. They continued to speak out about important issues instead of remaining silent. They continued their commitment to UCI Law's defining values even when it would have been so easy to let them go.

UCI Law will always be a special place due in large part to the efforts of this outstanding class. For the past three years, they have carried the mantle of representing UCI Law with aplomb. In the courtroom, classroom and community, they have displayed not only legal prowess, but civility, empathy and respect for others. They have shaped this institution, and further established our culture as welcoming, supportive and collegial. They built organizations, represented the school in national competitions, invited speakers, planned events, and welcomed the classes of students who came after them.

Over the past three years, the Class of 2020 has learned indispensable skills, represented clients and performed prodigious amounts of pro bono work and community service - in person, and more recently online. In doing so, they have made a tangible difference in the lives of so many. They have proven themselves to be leaders in the classroom, outside the classroom, and in the community.

Soon, the Class of 2020 will begin utilizing the skills acquired at UCI Law, advocating fearlessly with uncommon drive and ambition. I am sure they will remember their days here - preparing for an argument in moot court, discussing a lesson with friends and faculty, taking a break in the courtyard between classes, and finally, coming together as a community to deal with the impacts of COVID-19. The strength, resilience, and spirit they have shown during these challenging and uncertain times demonstrate the empathy and grit that make the UCI Law community so special.

I want to thank the Class of 2020 for being an important part of UCI Law and for all they have done, and all they will continue to do. I wish each of them all the best as they embark on a fulfilling and rewarding career. They will always be members of our unique and special UCI Law family.

Warmly,

**L. Song Richardson, J.D.**

Dean, School of Law

# | School of Physical Sciences

## **Congratulations on completing your degree in the Physical**

**Sciences!** I hope you agree that your studies in our School have been a great preparation for the next phase of your life. Whether you hope to pursue graduate or professional studies, or plan to start your career right away, the Physical Sciences offer a great doorway to success.

Over 40% of you graduates conducted undergraduate research, and many of you successfully applied to graduate and professional programs. I also applaud the many of you who took the initiative to participate in the mentor program. These experiences will be part of the career boost that we strive to provide. We invite you to return as mentors to coach the next generations of students with your oncoming career achievements.

As a Physical Sciences alum, you may dedicate yourself to the most abstract mathematical proof, or to the most tangible attempt to alleviate human suffering. Some of you may spend a large fraction of your life trying to understand a single particle or what happens over the tiniest fraction of a second, others may want to grasp the big-picture of the whole universe, or how the Earth's climate will change over the next 50 years. There is great value in each of these pursuits, as well as the whole spectrum of careers between these limits. The faculty and staff wish you the best of luck as you continue to pursue your passion and make a difference in the world.

Congratulations again on completing such a demanding degree. The world needs quality mathematicians and scientists; so be sure to contribute, expand and share your vast knowledge and experience!

Keep active!

Bring enthusiasm to all your endeavors!

Keep in touch

**James S. Bullock, Ph.D.**

Dean, School of Physical Sciences

# | School of Social Ecology

## **Welcome to the 2020 Commencement Ceremony for the School of Social Ecology!**

Congratulations Class of 2020! I know this isn't the graduation ceremony you imagined but it doesn't matter. What matters is you did it with hard work, perseverance and support from your family and friends. You now are graduates of UC Irvine's School of Social Ecology.

The School of Social Ecology's motto is "science-driving solutions." In that vein, our research, our courses and our field study opportunities are oriented at solving some of the most crucial social and environmental challenges of our time, including issues involving the coronavirus pandemic, mass incarceration, environmental sustainability, homelessness, poverty and mental health. I encourage you to be part of the solution.

Another important feature of our school is our focus on community engagement. Engaging with others is critical. We require all of our students to participate in 100 hours of field study because we want you to immerse yourselves in society's challenges and learn how to address them. We want you to see real life and be part of your communities. I urge you to continue in playing a vital part of a vibrant community.

Our school emphasizes the importance of compassion, equity and justice. Our faculty members conduct research about marginalized and disenfranchised people and communities because we're committed to trying to make the world a better place in terms of equity and fairness. I encourage you to think about how you can help us all become a more equitable society.

One of the possible silver linings of COVID-19 is that we realize we're all part of this problem. This is not something that only impacts certain groups of people. It impacts all of us and not only in the United States, but around the world. By embracing our common humanity and how really similar we are as people, I hope you've gained a greater sense of purpose, to really make sure you look out for yourself. And, make sure that what you do in your life shows compassion and concern for others.

The best advice I can share with you is this: "If you can be anything, be kind."

Best wishes,

**Nancy Guerra, Ed.D.**

Dean, School of Social Ecology

# I School of Social Sciences

**More than 50 years ago, the founders** of the UCI School of Social Sciences went rogue. They broke with convention to forge connections with scholars whose different approaches – from quantitative to qualitative, formal to interpretative – would tackle fundamental research questions and pressing social problems. To steal a term from former GE CEO Jack Welch, they went boundaryless, throwing caution to the wind, scrapping boundaries and bureaucracies to directly enact change.

More than half a century later, the school continues putting this approach into practice, breaking down traditional barriers to create change in society, economies and for human well-being.

You, our graduates, represent the realization of that maverick spirit.

As students of the largest school on campus, you've been in the conflict zones of the Middle East with the Olive Tree Initiative, and in Orange County high schools teaching global awareness. You've been in our groundbreaking behavioral economics labs testing new methods for reducing traffic congestion, creating better online marketplaces and preventing the spread of disease. You've been in our brain, behavior, and cognitive robotics labs mapping the structure of the human brain to understand how speech works in order to help restore it in victims of stroke, and building interactive robots aimed at improving social engagement in children with ADHD and autism. You've done fieldwork and studied abroad in India, Africa, China – indeed, everywhere on the planet, exploring fundamental issues of peace, politics, population, migration and cross-cultural communication. And over these past few months, you've adapted to a situation none of us ever could have imagined as the pandemic completely shifted life the way we've known it.

Through it all, you've shown the true resiliency of the soc sci Anteater spirit, and now, you will join a collective that's more than 50,000 alumni strong, and one that you will forever be a part of as a new alumnus of the UC Irvine School of Social Sciences.

While the COVID-19 pandemic may have interrupted your last few months on campus and altered the way in which we celebrate you today, I urge you to focus not on the moments lost, but instead the opportunity that's now being presented to make a significant difference and pursue a future that makes the world a better place than you've found it. Be bold, always break the mold, and be boundaryless in your pursuit.

We salute all of your terrific achievements and accomplishments while you've been with us as students and welcome you now to the community of proud alumni. Congratulations, social sciences graduates of the Class of 2020.

Zot, zot, zot!

**Bill Maurer, Ph.D.**

Dean, School of Social Sciences

# I Graduate Division

**Commence. Begin. Launch. Arise. Come into being.**

June's Commencement ceremonies at UCI represent the culmination of years of hard work, dedication, and determination. They also represent the beginning of the next phase of your lives.

It is my honor and pleasure to congratulate you for earning degrees during the 2019-20 academic year, as well as those who are here to celebrate with you. No one can complete this journey without a great support system.

Commencement is a time to reflect, but it is also an opportunity to publicly recognize the transition from a student to a leader and innovator in today's ever-changing world. The world is better for the critical thinking skills and knowledge you will put to work in a positive and impactful way. You have earned the highest degree in your discipline, and you are the future we await.

As of this moment you are now part of a proud family of UCI alumni, and I hope you stay in touch and keep us informed of your accomplishments. Celebrate today and know that we look forward to celebrating your accomplishments for years to come.

# I UCI Alumni Association

## **Congratulations Class of 2020!**

You've made it! You are now a college graduate! As you read this, take a moment to soak it all in. I still remember that moment in Aldrich Park many years ago. Not only was I overwhelmed by joy and pride but also a sense of gratitude. As an immigrant family with scarce resources, I saw the hard work and sacrifices my parents had to make to provide for the family and support my educational endeavors. They knew that a college education was going to be the game changer for our family. I saw the pride in their eyes and huge smiles on their faces as we took pictures together that day. I can tell you today that they were absolutely right! My time at UCI as an undergraduate and graduate student have made all the difference in my career and personal growth. Whatever your journey to UCI, you've achieved a great accomplishment that no doubt involved challenges, sacrifices, determination, dedication and tremendous intellect. Relish in this moment and celebrate your accomplishment. Express gratitude for all who have journeyed with you in this endeavor and supported you along the way— your family, friends, faculty and your Anteater community. As you go forward in life, know that your fellow Anteaters go with you and that you will forever be a part of the bold and pioneering Anteater alumni family!

As an alum you will always represent UCI, and I hope you do so with pride. I encourage you to stay connected, remain involved and strengthen your relationship with the university and Anteaters of all graduating classes past and future. The Anteater Network ([antnet.uci.edu](http://antnet.uci.edu)) is a wonderful way to do just that!

The UCI Alumni network has more than 200,000 members and accomplished individuals who are invested in your success and can help you increase your connection to our alma mater. As an active member of the Alumni Association, you will help continue a tradition that makes UCI and the alumni network itself stronger. Find out how you can leverage the benefits and services of being a member, including our online mentoring platform, The Anteater Network, as well as access to online research databases and UC libraries across the system, career services and networking events for young alumni.

Fifty-five years ago, UCI was established with a vision to become a driving force for discovery and innovation serving our local, national and global communities. You leave today helping to realize that vision.

I invite you to stay connected to your Anteater family no matter where you go in the world. Engage with our UCI Alumni at regional events, participate in our online community and be part of the more than thirty-three chapters and networks across the world.

We are proud of you, Anteater!

Zotfully yours,

A handwritten signature in black ink, appearing to read 'Jack Toan', written over a light gray background.

**Jack Toan '95, MBA '02**

President, UCI Alumni Association

San Diego

# | The UCI Mace

The Mace leads the Commencement processional and is carried by a member of the UCI Alumni Association Board of Directors.

The names of each UCI Chancellor are engraved on the top

Carved from California oak, the Mace is designed to resemble the nose of an anteater, UCI's mascot.

The UCI Alumni Association presented the UCI Mace to the campus on May 12, 2000.
