# | Message from the Chancellor

## **Dear Class of 2021:**

Congratulations on reaching this very special milestone in your life. Today, as we celebrate the University of California, Irvine's 57th commencement, enjoy the pride, nostalgia, and excitement of the moment. As you participate in these time-honored graduation rites, I encourage you to remember that you did not achieve this success alone or in a vacuum. Please take the time to thank the family, friends, and mentors who have supported and shepherded you through this journey.

All of us are extremely proud of your accomplishments and the contributions you have made to UCI and our community. I am even more excited, though, by what lies ahead for you, as you enter the world enabled, empowered, and inspired to succeed in whatever endeavors you choose to pursue.

Today, as you join the proud alumni of UCI, you become part of a family of graduates who are leaders, innovators, and teachers who make a difference in our global community. Please come back and visit us, update us with news on your careers, and stay in touch through the Alumni Association. Wherever the future leads you, you will always be remembered at UCI.

Fiat Lux,

**Howard Gillman**

Chancellor

# Message from the Vice Chancellor, Student Affairs

## Dear Class of 2021 Graduates:

On behalf of the Division of Student Affairs, I would like to congratulate you and your family on this amazing accomplishment.

You are now a UCI graduate and now join the ranks of close to 200,000 alumni from across the world. You should be proud of all that you have accomplished during your time at UCI, especially during an unprecedented global pandemic. My sincere hope is that you have taken the past years to learn more about yourself, your community, and your academic major. College is truly a transformative time in one's life and I am sure you have taken everything you have learned during your collegiate time to transform not only yourself, but also the world.

As you close this chapter in your life, take some time and thank your family and friends for their support. Your graduation from UCI is a reflection of their love and support for you through this time. I hope that you will remember your time at UCI fondly, and I hope you will tell the story of how your life was changed from being here. You are an Anteater for life and we could not be more proud to have you as one of our proud alumni.

Zot, Zot, Zot!

**Willie L. Banks Jr., Ph.D.**

Vice Chancellor, Student Affairs

# Claire Trevor School of the Arts

**Dear December 2021 Claire Trevor School of the Arts graduate,**

You're graduating from UCI and CTSA with the unique distinction of having weathered the COVID era. Your resilience and passion have been an inspiration to those of us who remain behind—we will remember you and your accomplishments with special amazement and delight.

But this has hardly been “lost time”—you've created art objects and experiences of enduring value, all the more so because of the conditions in which you've been working. You've been the very center of the amazing CTSA experience, and now, as you finish at CTSA, you become one of tomorrow's creative leaders in and for the arts, playing a vital role in our complicated world. You've been forced to explore new ways to make your art, honed and broadened your skills with us, but of course it's just a beginning. Our hope and expectation are that the adversity you've faced in this last period has given you even more of the critical and creative tools you'll need to achieve your highest aspirations in the next chapters of your life as an artist.

As dean, I've been bursting with pride as I've reported on the skills you've developed and the accomplishments you've achieved. All of us at CTSA send special thanks to your parents and family, your friends, and your other mentors for the vital contributions they have made to your success at UCI, before and during COVID. And a special thanks to those alumni and others whose partnerships with CTSA, and with you, have provided support for the programs and facilities that have contributed to your success at UCI.

We hope that you will continue to be a part of our lives at CTSA, that you'll keep in touch with your department and with others with whom you've worked. And we're eager to see how you emerge from your experience with us into the wider world of the arts.

All very best wishes as you emerge into your brilliant future!

**Stephen Barker, Ph.D.**

Dean, Claire Trevor School of the Arts

## **About Claire Trevor**

While millions knew Claire Trevor (1910-2000) as one of America's most distinguished actors, those closer to her knew her as a person deeply devoted to her family, as well as a passionate advocate for the arts and arts education. The Claire Trevor School of the Arts at the University of California, Irvine is proud to be entrusted with Claire Trevor's legacy and honors her spirit by embracing the values she believed in and practiced throughout her life.

# | School of Biological Sciences

**Dear Class of 2021,**

Congratulations on your Commencement from UC Irvine and the School of Biological Sciences. Through hard work, determination, courage and resilience, you have completed one of the most arduous undergraduate programs on the campus with the added challenge of a global pandemic and a remote learning environment. Now you are well-trained and positioned to achieve great things in your future endeavors.

Today, your hard work and accomplishments at UCI BioSci are being lauded at our Winter Commencement celebration. From tomorrow onward, as one of our thousands of BioSci alumni, please remember what you have achieved, what you have learned here about science, technology and yourself, and apply it well. You will find that UCI has helped prepare you for your future, whatever opportunities and challenges it holds.

As you embark on the next phase of your lives, I encourage you to reflect proudly on your time here. Remember my prediction about your future: YOU can be a game-changer for good on our planet.

I urge you to stay committed to conquering your fears, attaining your goals and to stay connected with the school as your life's journey continues. That way we can always support you, participate in your successes, and provide you with the opportunity to inspire the generations of students who will follow in your footsteps through UCI BioSci.

Best wishes,

**Frank M. LaFerla, Ph.D.**

Dean and Chancellor's Professor  
School of Biological Sciences

# The Paul Merage School of Business

## Dear Class of 2021,

On behalf of our faculty and staff, I offer my enthusiastic congratulations on this momentous achievement. You are about to embark on a host of exciting new opportunities after completing a business degree during one of the most challenging times in history. Together you thrived in the face of many obstacles, and for that you have my admiration and respect.

The class of 2021 represents the future of business on the global stage—and we are proud of playing a role in the development of leaders that are prepared to lead through disruption, drive innovation and promote inclusivity and respect for others. It is our goal to continue to combine the academic strengths, diversity and best traditions of the University of California with the cutting-edge, entrepreneurial spirit of Orange County in the heart of Southern California's Tech Coast.

We thank you for your contributions to the School during your time here. Remember that on commencement day you do not simply receive a diploma and a degree—you gain access to the thriving Merage School alumni network. We hope this is not goodbye and that you will continue to represent the School beyond your time with us and consider returning one day to share your new insights and experiences.

Best Regards,

**Ian O. Williamson, Ph.D.**

Dean, The Paul Merage School of Business

# | School of Education

## **To the School of Education Class of 2021,**

It is a privilege to congratulate you on your successful commencement from the School of Education and the University of California, Irvine. By completing a Bachelor of Arts in Education Sciences you are prepared to make a difference in the lives of others through contributions to formal and informal education.

The concepts and competencies you have mastered in your program will always be fundamental in building and preserving an educated citizenry. This is particularly true during times of crises; as our country faces novel challenges, our public health, economic vitality, social welfare, and democratic political system are tested. Today, you take a giant step toward becoming our society's next generation of leaders.

The knowledge and skills you have developed will be invaluable in contributing to education through outstanding research, policy, curriculum, pedagogy, and advocacy. I am grateful for your commitment to improving education for all, and look forward to seeing the positive impact you all create.

In the years ahead, you will be well served to remember the lessons learned in your studies at UCI. You have learned to recognize the role of persistence, grit and resilience in overcoming challenges in both educational processes and life. You understand that education and human development are lifelong journeys that do not end upon graduation, but rather must continue to be nourished and cultivated in your daily lives. Great educators are strong learners. I am confident that you will continue to grow, change, and learn to meet the challenges of tomorrow.

Congratulations to you and to the families of all our graduates, and best wishes for great success in your future endeavors.

A handwritten signature in black ink, appearing to read 'Richard Arum'.

**Richard Arum, Ph.D.**

Dean and Professor, School of Education

# The Henry Samueli School of Engineering

**Dear Samueli School Class of 2021,**

First and foremost, congratulations on this important milestone! You have not only made it through an extremely competitive admissions process, but have also met the challenges of our highly rigorous academic program to earn your degree from UCI's Samueli School of Engineering.

Your Anteater engineering class is unique in that you have prevailed over unprecedented difficulties brought on by the pandemic. The completion of your engineering degree is a testament to your resilience, as well as your agility, hard work and fortitude. I have no doubt that your experience at UCI will provide you with the knowledge, skills and leadership that you will need to impact and benefit society in countless ways.

We are very proud of you and have every confidence in your continued success. As you move forward in your career, I encourage you to do the following: maintain our values and dedication to excellence and lifelong learning, commit to truth and fairness, and remember to embrace diversity and individual differences. As the newest graduating class of the Samueli School, I hope you stay connected through our Engineering Alumni Society, as well as the UCI Alumni Association.

Congratulations on your well-deserved achievement. Be courageous, be strong, be awesome.

Zot, Zot, Zot!

**Magnus Egerstedt, Ph.D.**

Stacey Nicholas Dean of Engineering  
The Henry Samueli School of Engineering

# Susan & Henry Samueli College of Health Sciences

**Congratulations, class of 2021!** You are the fifth graduating class of the Susan & Henry Samueli College of Health Sciences! What a year you have had. An unprecedented pandemic created unexpected challenges and you persevered to arrive at this day with experiences beyond what anyone imagined. You have accomplished so much and we are truly delighted to recognize you as graduates of UCI and the Susan & Henry Samueli College of Health Sciences.

You have now reached a major milestone in your career development. Whether your path is in medicine, nursing, pharmacy, pharmaceutical sciences, or population and public health, you are poised to enter a field where you will make a difference, both to individuals and your community. The Susan & Henry Samueli College of Health Sciences research and clinical care have been critical during the COVID-19 pandemic, advancing the health and wellbeing of our community and far beyond through rapid, impactful, and compassionate innovation. The pandemic has demonstrated the power of working together across disciplines to solve the problems facing society. You graduate with the education, passion and skills that you need to turn challenges into opportunities. Seize the chance to help others. Continue to unite with others with diverse backgrounds, perspectives and skills to achieve your goals. The talents that you each bring are unique and we know you will continue to make us proud.

Just like you, UCI Health Affairs continues to grow and develop. The college is in the midst of a major expansion with new buildings for the Sue & Bill Gross School of Nursing, the Susan & Henry Samueli College of Health Sciences, and the Susan Samueli Integrative Health Institute. Our new 9-acre UCI Health medical complex will include a 144-bed hospital with 24-hour emergency care, a comprehensive cancer center and ambulatory care center, and a center for advanced outpatient care. We hope you will return to visit, watch us grow, and perhaps choose to discover, teach, and practice here.

Please know that we will remain committed to helping you achieve your goals after you graduate because we measure our own success by your accomplishments and satisfaction in serving others. You will always be a member of the UCI family with an open invitation to come back to share your experiences. Stay in touch!

All the very best to you in this new and exciting phase of your life journey,

**Steven A. N. Goldstein, M.A., M.D., Ph.D., FAAP**  
Vice Chancellor, Health Affairs

# I Program in Public Health

**Congratulations to the Class of 2021 and all our Public Health undergraduate students.** To get here today was no easy feat and I commend you for the hard work and diligence that led to this tremendous accomplishment.

In many ways, this has been the year of public health. As graduates during this challenging time, you are uniquely positioned to improve our world for the better. You have seen first-hand the critical role that public health plays in safeguarding health for all in times of crisis. Together, we witnessed the unfolding of the pandemic and harnessed our skills and expertise to respond effectively with health equity top of mind. The pandemic served as a sad reminder that disparities are not just found in chronic disease, they persist in infectious disease – COVID-19 being the most recent example – and nearly all public health issues. We have experienced a fragmented and broken health infrastructure. And as part of all of this, there is a call for a new, bold public health workforce to address the challenge of health equity – that is health and wellbeing for all. I commend you for all answering your call to public health, which was shown through the outstanding work you’ve done as ambassadors of the field of public health throughout the UCI campus, community, and beyond. You have worked tirelessly to reduce the burden of disease while promoting equitable and sustainable solutions to complex problems.

Thank you for the dedication and compassion you showed through your work. Please know how needed your public health skills are today, perhaps more than ever before. As you set out to improve the health and well-being of your own communities, be confident in the knowledge gained during your time at UCI and remember that the field of public health is made stronger by having you in it.

We hope you will continue to engage with UCI Public Health and share your achievements as you move forward in your careers and personal lives. I encourage you to stay involved and support our activities, scholarships, and programs as our newest members of the Anteater alumni community. The connection to UCI is one that will last a lifetime.

Public Health graduates, you make us so proud. Congratulations!

A handwritten signature in black ink, appearing to read 'Bernadette Boden-Albala', with a long horizontal flourish extending to the right.

**Bernadette Boden-Albala, Ph.D., M.P.H.**  
Founding Dean, Program in Public Health

# | School of Humanities

**On this happy occasion of your commencement,** you are each concluding your study at UC Irvine and embarking on a new life as the proud holder of a University of California degree in a humanities field.

Let me be the first to congratulate you. You are a select group who worked tirelessly to be admitted to UCI, and to excel in your majors. You put in hard nights of reading and writing papers and studying for exams and meeting your requirements one by one. Your goal was not just to get a good grade on one assignment, or completing a course, or even meeting all the requirements of your major. It was always something that lies beyond the boundaries of the campus and its program: opening up the opportunities in your life that your UCI degree makes possible, and that at this moment of commencement you can't even yet fully foresee. These include the possibility to go on to more advanced study in graduate or professional school; to make your mark in government, media, or business; or to lead and serve in your community, at home or perhaps elsewhere in the world.

The humanities focus on the histories and cultures of the world, the images and stories we use to represent the human experience, and the theories and concepts that we use to make sense of our world. Human meaning-making is an ongoing and ever-evolving process, and the skills you have gained in understanding and contributing to it never go out of date or lose their relevance. Our world is changing at an extraordinary pace. We need humanities-trained leaders and thinkers like you to help us to make sense of it all, make conscious and ethical choices, and imagine new ways of living and working in a radically changed environment.

You will bring the skills you have learned here—to listen and read closely, to think critically and analytically, to interpret texts and images, and to write with clarity and power—to all the work you have ahead of you. We have prepared you not just for a job, but for a career of your own making, which may have many new turns and changes along the way.

But through the lenses of the humanities, we have also prepared you to appreciate better the beauty, complexity, and richness of the world, to experience it with depth and knowledge. That is not just an enhancement to your career or your earning power; it is the basis of a richer, more authentic, and more meaningful life.

I wish you every success in your future, and the deepest appreciation for what you have given us by your presence in the School of Humanities during your studies.

Congratulations and enjoy your *commencement*!

A handwritten signature in black ink, appearing to read 'Tyrus Miller'. The signature is fluid and cursive, with a large, stylized initial 'T'.

**Tyrus Miller, Ph.D.**

Dean, School of Humanities

# Donald Bren School of Information & Computer Sciences

**The world runs on technology:** from artificial intelligence to big data, from digital media and learning to digital health, from cybersecurity to human-machine interaction. These technologies represent only a few of the cutting-edge areas that faculty, students and alumni from the Donald Bren School of Information and Computer Sciences (ICS) have dedicated themselves to in order to make the world a better, safer place for the future.

As students, and now alumni, of ICS, the only computing-focused school in the UC system, you were part of helping us grow into one of the largest and most diverse computing programs in the country. ICS prides itself on providing computer science and information technology leadership for the 21st century through research and development of emerging technologies, innovative and broad computing curricula, and collaborations that address key societal needs. You have shown incredible creativity and entrepreneurial spirit during your time at UC Irvine, and you are now prepared to lead the way in creating a bright future for society.

As ICS continues to explore the various ways technology can revolutionize the world around us, there will be many excellent opportunities for you as ICS alumni. Whether you are continuing your education or joining the workforce, remember that you are now part of a growing network that is nearly 12,000 ICS alumni strong who want to see you succeed. Please stay in touch so that we can celebrate all of your successes as you go off to pursue your dreams.

Congratulations to the Class of 2021! The ICS faculty and staff take great pride in your accomplishments and look forward to watching you continue to make a difference in the world.

Zot! Zot! Zot!

**Marios C. Papaefthymiou, Ph.D.**

Ted and Janice Smith Family Foundation Dean  
Donald Bren School of Information & Computer Sciences

# | School of Physical Sciences

## **Congratulations on completing your degree in the Physical**

**Sciences!** I hope you agree that your studies in our School have been a great preparation for the next phase of your life. Whether you hope to pursue graduate or professional studies, or plan to start your career right away, the Physical Sciences offer a great doorway to success.

Over 40% of you graduates conducted undergraduate research, and many of you successfully applied to graduate and professional programs. I also applaud the many of you who took the initiative to participate in the mentor program. These experiences will be part of the career boost that we strive to provide. We invite you to return as mentors to coach the next generations of students with your oncoming career achievements.

As a Physical Sciences alum, you may dedicate yourself to the most abstract mathematical proof, or to the most tangible attempt to alleviate human suffering. Some of you may spend a large fraction of your life trying to understand a single particle or what happens over the tiniest fraction of a second, others may want to grasp the big-picture of the whole universe, or how the Earth's climate will change over the next 50 years. There is great value in each of these pursuits, as well as the whole spectrum of careers between these limits. The faculty and staff wish you the best of luck as you continue to pursue your passion and make a difference in the world.

Congratulations again on completing such a demanding degree. The world needs quality mathematicians and scientists; so be sure to contribute, expand and share your vast knowledge and experience

Keep active!

Bring enthusiasm to all your endeavors!

Keep in touch

**James S. Bullock, Ph.D.**

Dean, School of Physical Sciences

# | School of Social Ecology

A HUGE congratulations on all of your accomplishments, culminating in a degree from one of our outstanding programs in Social Ecology! You have had an historic educational experience, with a major component of your time as a UCI student happening during the pandemic. You have had to creatively adapt and innovate to complete your studies, above and beyond the usual demands of your respective programs. I commend you on your perseverance, and I am thrilled that we get to celebrate your achievements in person at the Fall 2021 Commencement.

Your degree will open up a world of opportunity as you embark on your next life journey. Whether you are starting a new career, heading off to graduate school, or engaging in a service activity or other role, the lessons you learned in Social Ecology and at UCI will serve you well. We have endeavored to enhance your critical thinking and analytic skills, and expand your knowledge-base about the critical societal issues of our time. Whether through the Field Study experience, research projects with faculty, or less formal school service activities, we also sought to provide important hands-on lessons for applying what you learned in your coursework to actually address real-world problems.

You, in turn, have demonstrated your collective commitment to one of the core values of Social Ecology — to use science and knowledge to address the many social challenges we face, ranging from the impacts of climate change and environmental degradation, to threats to mental health and wellbeing, to the harms caused by social and institutional inequalities, including those produced in the criminal justice system. I encourage you to continue to act on this commitment, by working to improve the quality of life in your communities and society in whatever endeavor you choose.

But today, take a deep breath, appreciate and savor all that you have accomplished, and recognize and thank all the family, friends, mentors, and loved ones who supported you on your educational expedition.

Zot! Zot! Zot!

**Mona Lynch**

Interim Dean, School of Social Ecology

# | School of Social Sciences

**I'm so excited to welcome you, our graduates of the class of 2021, to our social sciences Anteater alumni network.** You're now part of an elite group of more than 50,000 changemakers who can be found everywhere from the halls of justice in D.C. to capitals around the world engaged in international relations work. Our alumni are making a difference through entrepreneurial endeavors from Northgate to Northern Africa, in courtrooms across the nation, boardrooms in some of the world's top companies, and classrooms around the globe training our next generation of leaders.

I know the last 18+ months are not what any of us would have envisioned your college experience to be. But then again, for many of us, the road has never been straightforward, easy or clear. That's been the case for more than half of today's graduating class, who, with the turn of a tassel, represent the first person in their families to graduate from college.

No matter your story, you've all shown the true resiliency of the soc sci Anteater spirit. And as you leave UCI today with your hard earned degree, I challenge each of you to continue pursuing a future that makes the world a better place than you've found it. Be bold, always break the mold, and be boundaryless in your pursuit.

Congratulations, social sciences graduates of the class of 2021.

Zot, zot, zot!

**Commence. Begin. Launch. Arise. Come into being.**

The Commencement ceremonies at UCI represent the culmination of years of hard work, dedication and determination. They also represent the beginning of the next phase of your lives.

It is my honor and pleasure to congratulate you, as well as those who are here to celebrate with you. No one can complete this journey without a great support system, especially during a year as difficult as this one.

Commencement is a time to reflect, but it is also an opportunity to publicly recognize the transition from a student to a leader and innovator in today's ever-changing world. The world is better for the critical thinking skills and knowledge you will put to work in a positive and impactful way. You have earned the highest degree in your discipline, and you are the future we await.

As of this moment you are now part of a proud family of UCI alumni, and I hope you stay in touch and keep us informed of your accomplishments. Celebrate today and know that we look forward to celebrating your accomplishments for years to come.

# I UCI Alumni Association

## To the Class of 2021:

Congratulations — you made it! Too often, we rush through our accomplishments, eager to leap forward and find out what's next. But this is a powerful moment, one that you will hold onto forever. So, take a deep breath, look around you and capture a mental picture of this day. Years from now, in the quiet moments between each exciting new milestone you will reach, you can recall these memories. This feeling of pride, and the determination and work ethic it took to get here, are things that can never be taken away.

I can still picture my own graduation day, as the first in my family to earn a college degree. I understood what that day meant for not only my future, but for the future of my (eventual) children. Whatever your journey was to this point, there is no doubt you faced challenges and sacrifices along the way. You will never regret taking the time to pause and relish in all that you have overcome and achieved. Remember to do this throughout life, as you have many more powerful moments to come, and you will never regret taking the time to breathe it all in, relish it.

On this day celebrating your hard-earned accomplishment, also take a moment to express gratitude to all who have journeyed by your side while providing support and guidance — your family, friends, faculty and your Anteater community. With each step forward, know that your fellow Anteaters go with you and that you will forever be a part of the bold and pioneering UCI alumni family!

As an alum you will always represent UCI, and I hope you do so with pride. I encourage you to stay connected, remain involved and strengthen your relationship with the university and Anteaters of all graduating classes past and future. Our online mentoring platform, The Anteater Network ([antnet.uci.edu](http://antnet.uci.edu)), is a wonderful way to do just that!

The UCI Alumni network has more than 217,000 members and accomplished individuals who are invested in your success and can help you increase your connection to our alma mater. As an active member of the Alumni Association, you will help continue a tradition that makes UCI and the alumni network itself stronger. Find out how you can leverage the benefits and services of being a member, including The Anteater Network, access to online research databases and UC libraries across the system, career services and networking events for young alumni.

Fifty-six years ago, UCI was established with a vision to become a driving force for discovery and innovation serving our local, national and global communities. You leave today helping to realize that vision. I invite you to stay connected to your Anteater family no matter where you go in the world. Engage with our UCI Alumni at regional events, participate in our online community and be part of the more than 38 chapters and networks across the world.

As you take those next steps forward, know that there are so many individuals who are in your corner cheering you on — your family, your friends, your professors, and your fellow alumni. You are now a college graduate and we are so proud of you, Anteater!

Zotfully yours,

**Melissa Beck, MBA '12**

President, UCI Alumni Association

Proud Life Member

# | The UCI Mace

The Mace leads the Commencement processional and is carried by a member of the UCI Alumni Association Board of Directors.

The names of each UCI Chancellor are engraved on the top

Carved from California oak, the Mace is designed to resemble the nose of an anteater, UCI's mascot.

The UCI Alumni Association presented the UCI Mace to the campus on May 12, 2000.

**UCI**<sup>®</sup>

**FIAT LUX**
