Chancellor's Award of Distinction

The Chancellor's Award of Distinction acknowledges the University of California, Irvine's most outstanding graduating seniors. Awarded by the UC Irvine Alumni Association, these students represent exceptional academic achievement, and a commitment to cutting-edge research, leadership and service to UCI. Selected by a committee of alumni, recipients can be identified by the blue and gold shoulder cord worn with their commencement regalia.

| Message from the Chancellor

Dear Class of 2023:

Congratulations on reaching this very special milestone in your life. Today, as we celebrate the University of California, Irvine's 60th commencement, enjoy the pride, nostalgia, and excitement of the moment. As you participate in these time-honored graduation rites, I encourage you to remember that you did not achieve this success alone or in a vacuum. Please take the time to thank the family, friends, and mentors who have supported and shepherded you through this journey.

All of us are extremely proud of your accomplishments and the contributions you have made to UCI and our community. I am even more excited, though, by what lies ahead for you, as you enter the world enabled, empowered, and inspired to succeed in whatever endeavors you choose to pursue.

Today, as you join the proud alumni of UCI, you become part of a family of graduates who are leaders, innovators, and teachers who make a difference in our global community. Please come back and visit us, update us with news on your careers, and stay in touch through the Alumni Association. Wherever the future leads you, you will always be remembered at UCI.

Fiat Lux,

Howard Gillman
Chancellor

Message from the Vice Chancellor, Student Affairs

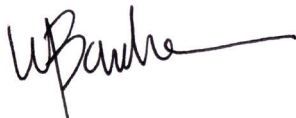

Dear Class of 2023 Graduates:

On behalf of the Division of Student Affairs, I would like to congratulate you and your family on this amazing accomplishment.

You are now a UCI graduate and now join the ranks of over 227,000 alumni from across the world. You should be proud of all that you have accomplished during your time at UCI. My sincere hope is that you have taken the past years to learn more about yourself, your community, and your academic major. College is truly a transformative time in one's life and I am sure you have taken everything you have learned during your collegiate time to transform not only yourself, but also the world.

As you close this chapter in your life, take some time and thank your family and friends for their support. Your graduation from UCI is a reflection of their love and support for you through this time. Make sure to take time and savor this moment. I hope that you will remember your college days fondly, and I hope you will tell the story of UCI and how your life was changed from being here. You are an Anteater for life and we could not be more proud to have you as one of our proud alumni.

Zot, Zot, Zot!

Willie L. Banks Jr., Ph.D.

Vice Chancellor, Student Affairs

Claire Trevor School of the Arts

Dear 2023 June Claire Trevor School of the Arts graduating artists!

Congratulations! We are so excited and proud of your CTSA and UCI journey. You have the distinction of graduating from the only named school of the arts in the University of California and one of the world's most preeminent research universities. You are dreamers and doers launching into a brilliant future as creative leaders and ARTeater alumni.

This is a cultural moment in which artists and creative leaders are needed more than ever before. As artists, you know the power of inspiration – its role in making work and moving others. You hold expertise in advancing creativity and inspiration as critical ingredients in creating change.

Complex challenges require complex teams of thinkers who will inspire others. Going forward into this next bold chapter, you should be highly confident you bring this ability to a wide variety of fields as a collaborator who is an artist with the power to move people to see the world and approach things in new and heightened ways.

As graduates of the Claire Trevor School of the Arts, you have learned the process of making work is just as important as the work produced. You are citizen artists and impact partners.

As dean, I've been excited and proud to share about your work and accomplishments. The bravery and boldness of your vision and voice inspires all of us across CTSA. You have made an impact that contributes to CTSA's excellence. We look forward to following your journey and remaining connected as you join our alumni family to inspire future artists to enter the pathways you forged here.

Please keep in touch with the wonderful circle of friends and colleagues you have made here and reach out to share with your professors and departments about your work on the path ahead. More than half of the careers in the future are those that you will invent! We're eager to see how you build from your experiences to contribute your work as an artist to broader fields, both in the creative economy and beyond.

A very heartfelt congratulations and best wishes as you embark into your brilliant future!

Tiffany Ana López, Ph.D

Dean and Professor

About Claire Trevor

While millions knew Claire Trevor (1910-2000) as one of America's most distinguished actors, those closer to her knew her as a person deeply devoted to her family, as well as a passionate advocate for the arts and arts education. The Claire Trevor School of the Arts at the University of California, Irvine is proud to be entrusted with Claire Trevor's legacy and honors her spirit by embracing the values she believed in and practiced throughout her life.

| School of Biological Sciences

Dear Class of 2023,

Congratulations on your Commencement from UC Irvine and the School of Biological Sciences. You completed one of the most rigorous undergraduate programs on the campus, which is difficult enough on its own, but you managed this with the additional challenge of a global pandemic. The hard work and determination you exhibited to get to this moment will serve you well in your future endeavors.

Today, your accomplishments at UCI BioSci are being lauded with celebration of your Commencement. From tomorrow onward, as one of our thousands of alumni, remember what you have learned here about science and technology, and apply it well in your pursuit of shaping a healthier, more prosperous world. You will find that UCI has helped to prepare you for your future, whatever opportunities and challenges it holds.

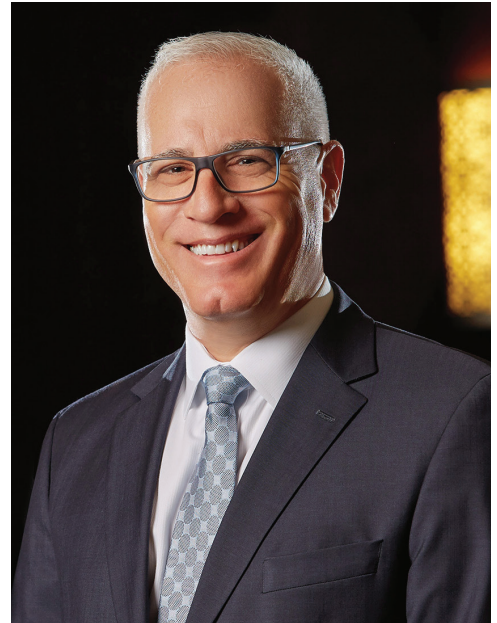

As you embark on the next phase of your life, I encourage you to reflect proudly on your time here and on the personal lessons of perseverance. UCI BioSci is embedded in your DNA, so I urge you to stay connected with us as your life's journey continues. That way we can continue to support you, celebrate your successes and provide you with the opportunity to inspire the generations of students who will follow in your footsteps through our halls.

Best wishes,

The Paul Merage School of Business

Dear Class of 2023,

Congratulations on reaching this important milestone in your academic journey! On behalf of the faculty and staff at the UCI Paul Merage School of Business, I want to express our heartfelt admiration for your hard work, perseverance, and resilience in the face of the unprecedented challenges posed by the pandemic.

As graduates of the Merage School, you are well-prepared to make a meaningful and measurable impact on the business world and society as a whole. Your unwavering commitment to academic excellence and your pursuit of knowledge have earned our respect, and we are confident that you will go on to achieve great things in the years ahead.

Our school is dedicated to providing a world-class business education that combines academic rigor with practical experience. We take pride in the diverse and entrepreneurial spirit of Southern California. We encourage you to draw upon the skills and knowledge you have gained here to drive innovation, promote inclusivity and respect for others, and lead through disruption.

During your time at the Merage School, you have made significant contributions to our community, and we are grateful for your engagement. We look forward to welcoming you into our vibrant alumni community, where you can continue to stay connected, grow, and contribute to the school's legacy.

As you move forward in your career, remember that your degree is not just a piece of paper, but a symbol of the lifelong connections and opportunities you have gained through your time at UCI. Once again, congratulations on your achievement, and we wish you all the best in your future endeavors.

| School of Education

To the School of Education Class of 2023,

It is a privilege to congratulate you on your successful commencement from the School of Education and the University of California, Irvine. By completing a Doctor of Philosophy in Education, Masters of Arts in Teaching, Bachelor of Arts in Education Sciences or CalTeach program, you are prepared to make a difference in the lives of others, and to be a positive force in formal and informal education and in the world.

The knowledge and skills you have acquired in your program will always be fundamental to building and preserving an educated citizenry. Today, you take a giant step toward becoming our society's next generation of thought, industry and community leaders. We are so proud of your commitment to completing your degree.

The classroom and life experiences you have gained while at the UCI School of Education will be invaluable as you contribute to outstanding research, policy, curriculum, pedagogy, and advocacy. I am grateful for your commitment to improving education for all, and look forward to seeing the positive impact you all create in California, the nation, and especially in your respective communities.

In the years ahead, you will be well served to remember the lessons learned in your studies at UCI. You have learned to recognize the role of persistence, resistance and resilience in overcoming challenges in both educational processes and in life. You understand that education is a lifelong journey that does not end upon graduation, but rather must continue to be nourished and cultivated in your daily lives. Great educators are strong learners. I am confident that you will continue to grow, change, and learn to meet the challenges of tomorrow.

Congratulations to you and to the families of all our graduates, and best wishes for great success in your future endeavors.

Frances Contreras, Ph.D.

The Henry Samueli School of Engineering

Dear The Henry Samueli School of Engineering Class of 2023,

Congratulations on this important and impressive milestone! You have earned your degree from the UCI Samueli School of Engineering. We are very proud of you and have every confidence in your continued success as you leave campus for your next chapter because being an Anteater Engineer is to have the superpower to deal with complex situations, go after hard problems, and not shy away from the big questions we are facing as a global society.

Your engineering class has not only had to cope with the rigors of the engineering program, but lost part of your on-campus experience to a global pandemic. The completion of your engineering degree is a testament to your resilience, as well as your agility, hard work and fortitude. I have no doubt that your experience at UCI will provide you with the knowledge, skills and leadership that you will need to impact and benefit us all in countless ways.

As you move forward in your careers, I encourage you to do the following: maintain our values and dedication to excellence and lifelong learning, commit to truth and fairness, and remember to embrace diversity and individual differences. As the newest graduating class of the Samueli School, I hope you stay connected through our Engineering Alumni Society, as well as the UCI Alumni Association.

Congratulations on your well-deserved achievement. Be courageous, be strong, be awesome! And use your new superpower for good in the world!

Zot, Zot, Zot!

Magnus Egerstedt, Ph.D.

Susan and Henry Samueli College of Health Sciences

Congratulations, class of 2023!

You are our seventh graduating class from the Susan & Henry Samueli College of Health Sciences! You have the distinction of being the first class to occupy the new Susan & Henry Samueli College of Health Sciences building, the new Sue & Bill Gross School of Nursing and Health Sciences Hall, and the new home for the Susan Samueli Integrative Health Institute.

As you are undoubtedly aware, our mission at UCI Health Affairs is to break down disciplinary silos. Our very buildings—the ones you broke in—are designed to foster collaboration across disciplines. As a 2023 graduate, go forth with this certainty: you graduate with the required education and skills to harness your passion, and the correct training—whether in medicine, nursing, pharmacy and pharmaceutical sciences, or population and public health—to work together to tackle some of the most intractable problems in the healthcare landscape.

Given that a worldwide pandemic shaped a good part of your educational journey, you also know better than most that life can present formidable challenges. Class of 2023, you have been tested and you have proven that you have the talent, competence and temperament to turn the most unexpected and challenging events into opportunities for growth.

Now, the gates are open! As you step forward, ask yourself what you want to improve in the world. Is your passion preventing public health emergencies? Fostering emotional support for patients or providers? Do you want to tackle health equity? Or develop new ways to prevent disease and support wellness? Approach the world with an open mind and what you want to achieve will happen—with patience, persistence and compassion. Of course, you will continue to grow and develop. Experience is one of the great advantages of aging.

And like you, the college is maturing. We have recently broken ground on the Falling Leaves Foundation Medical Innovation Building, one of the largest research buildings on the West Coast and purpose-built for elite teams of multidisciplinary collaborators. Soon, our new 9-acre UCI Health – Irvine complex will begin to care for patients in the Joe C. Wen Family Center for Advanced Care, followed by the Chao Family Comprehensive Cancer Center and Ambulatory Care Center, and in 2025, the in-patient specialty hospital with 24/7 emergency services.

We hope that as you watch us grow, you will visit often, and perhaps even choose to continue your own mission to discover, teach, and heal here at UCI.

Please know that we will remain committed to helping you achieve your goals after you graduate. We measure our own success by your accomplishments and satisfaction in service. You will forever be a member of the Anteater family. Come back and share your experiences.

All the very best to you in this new and exciting phase of your life journey,

Steven A. N. Goldstein, M.D., Ph.D.

Vice Chancellor, Health Affairs

Sue & Bill Gross School of Nursing

Since the Renaissance, people have participated in ceremonies in which academic degrees are conferred. This year is no different, except that it is your year, your ceremony, and your degree.

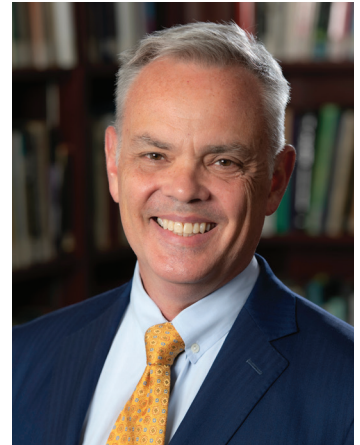

Commencement is when you begin a new life – as a bachelor, master, or doctor – with your fellow graduates. It is when, as a graduate of the UCI Sue & Bill Gross School of Nursing, you join the community of nurses in a new way to do new things with your vocation. A vocation is when you find joy in doing good things for others.

I trust that today you are experiencing this joy, as I am when I think of your achievement. Share it with your friends and family. They, after all, helped you to get here. And take it with you as you care for people in hospitals or homes, as you discover new knowledge or translate it into practice, as you change policy or educate the next generation of nurse leaders. Whatever you find yourself doing as a UCI nurse, you will do it as a member of the world's largest and most trusted profession. That, itself, is a joyous thought.

Take great pride in your accomplishment being celebrated today. This is your ceremony, and it marks not just your having earned the degree being conferred upon you but also your being part of the great big, wonderful community of nurses. Congratulations.

Mark Lazenby, R.N., Ph.D., FAAN
Founding Dean, Sue & Bill Gross School of Nursing

School of Pharmacy and Pharmaceutical Sciences

Congratulations to the UCI Pharmaceutical Sciences Class of 2023. Today we celebrate your hard work, dedication, and resiliency you showed during your academic career at UCI. This achievement marks the beginning of a new and exciting chapter in your life. You have chosen to pursue a career in the dynamic and rapidly changing field of science and medicine. Every day, pharmaceutical scientists are improving our society's health and wellbeing in health care, academia, research, and government.

Our program has equipped you with the scientific background to succeed in any biomedical professional school or career, but more importantly, we have trained you to be transformative drivers of change. As pharmaceutical scientists, you will help advance therapeutics, medicine, apply innovation, and add healthy years to human life. As many of you head off to pharmacy school, medical school, other graduate programs, or opportunities in the workforce, you will undoubtedly play an integral role in shaping a brighter, healthier future.

Today is the beginning of an exciting opportunity to make your mark in the world. I have no doubt you will succeed on any path you choose, and we are privileged to be a part of your journey. You will always be a part of the Anteater community, and we welcome you into the Anteaters in Pharmacy alumni family, which has much to offer. We look forward to celebrating your many achievements, so please keep in touch.

On behalf of the School of Pharmacy & Pharmaceutical Sciences, congratulations Anteaters! We are so proud of you.

Jan Hirsch, Ph.D.
Founding Dean, School of Pharmacy and Pharmaceutical Sciences

Program in Public Health

Congratulations to the Class of 2023. What a momentous day it is for each of you and an honor for me to be here with you all on this special occasion. You have reached an important milestone in your life. This moment is the culmination of years of hard work, dedication, and commitment to your career. As you prepare to walk across the stage and receive your diploma, I want to take a moment to reflect on what this moment means for you and more broadly, the communities in which you will help.

The past few years have been a reminder of the critical role public health plays in our lives. Specifically, the importance of public health preparedness, responsiveness, and prevention to emerging and infectious disease. What a privilege it has been to witness the Class of 2023 and members of the campus community working tirelessly to keep our communities safe. The COVID-19 pandemic is just one of the many challenges you will face as public health professionals. Climate change, understanding social determinants of health, health disparities, and other global health issues require a multidisciplinary and collaborative approach. Your work is not just about preventing disease and promoting health. It is also about social justice, health equity, and advocacy. It is about understanding the root causes of health disparities and working towards a world where everyone has an equal chance to live a healthy life.

I encourage you to never lose sight of the human element of public health. Every data point, every policy recommendation, and every public health intervention has real-world implications for the people and communities that you are serving. Remember to always keep the people at the heart of your work, and never forget the impact that you can have on their lives.

Your commitment to public health is more important now than ever before, and I thank you for choosing this field. You are the next generation of public health practitioners, leaders, and advocates that will challenge the status quo. My wish is that you will lead with compassion, drive, and the desire to make a difference in the lives of those around you, which all lie at the heart of what we do in public health.

Your education has equipped you with the knowledge and skills to tackle these complex challenges head-on, and to make a real difference in the lives of individuals and communities around the world. As you leave this institution and begin your careers, know that you are not alone. Whether you choose to work in research, policy, or on the front lines of public health practice, I have no doubt that you will make a meaningful impact on the world. You are not only part of a global community of public health professionals, but you are also part of our UCI Public Health network of alumni who are dedicated to improving the health and well-being of people around the world.

We will always take pride in your achievements, both now and in the future. We hope you will continue to engage with UCI Public Health and share your achievements as you move forward in your careers and personal lives. I want to congratulate you once again on your incredible achievement. I am inspired by your dedication to public health, and I have no doubt that you will go on to do great things in your careers – the world is counting on you.

Congratulations, graduates of the Class of 2023!

| School of Humanities

On this happy occasion of your commencement, you each are concluding your study at UC Irvine and now embarking on your new life as the proud holder of a University of California degree in a humanities field.

Let me be the first to congratulate you. You are a select group who worked tirelessly to be admitted to UCI, and to excel in your majors. You put in hard nights of reading and writing papers and studying for exams and meeting your requirements one by one. Your goal was not just to get a good grade on one assignment, or completing a course, or even meeting all the requirements of your major. It was always something that lies beyond the boundaries of the campus and its program: opening up the opportunities in your life that your UCI degree makes possible, and that at this moment of commencement you can't even yet fully foresee. These include the possibility to go on to more advanced study in graduate or professional school; to make your mark in government, media, or business; or to lead and serve in your community, at home or perhaps elsewhere in the world.

The humanities focus on the histories and cultures of the world, the images and stories we use to represent the human experience, and the theories and concepts that we use to make sense of our world. Human meaning-making is an ongoing and ever-evolving process, and the skills you have gained in understanding and contributing to it never go out of date or lose their relevance. Our world is changing at an extraordinary pace. We need humanities-trained leaders and thinkers like you to help us to make sense of it all, make conscious and ethical choices, and imagine new ways of living and working in a radically changed environment.

You will bring the skills you have learned here—to listen and read closely, to think critically and analytically, to interpret texts and images, and to write with clarity and power—to all the work you have ahead of you. We have prepared you not just for a job, but for a career of your own making, which may have many new turns and changes along the way.

But through the lenses of the humanities, we have also prepared you to appreciate better the beauty, complexity, and richness of the world, to experience it with depth and knowledge. That is not just an enhancement to your career or your earning power; it is the basis of a richer, more authentic, and more meaningful life.

I wish you every success in your future, and the deepest appreciation for what you have given us by your presence in the School of Humanities during your studies.

Congratulations and enjoy your *commencement*!

A handwritten signature in black ink, which appears to read "Tyrus Miller". The signature is fluid and cursive.

Donald Bren School of Information and Computer Sciences

The world runs on technology: from artificial intelligence to big data, from digital media and learning to digital health, from cybersecurity to human-machine interaction. These technologies represent only a few of the cutting-edge areas that faculty, students and alumni from the Donald Bren School of Information and Computer Sciences (ICS) have been advancing, making the world a better, safer, accessible, and more inclusive place through the exploration of emerging information technologies, innovative and broad computing curricula, and interdisciplinary collaborations that address key societal needs.

As students of ICS, one of the first computing-focused schools in the nation and the only one on the West Coast, you have helped it grow into one of the largest, most enriching, and most diverse computing programs in the country. You have shown incredible creativity and entrepreneurial spirit during your time at UC Irvine, and you are now prepared to lead the way in creating a bright future for society.

As alumni of ICS, you will have many good reasons and excellent opportunities to remain connected with our School. Whether you are continuing your education or joining the workforce, remember that you are now part of a growing ICS alumni network with over 15,000 members who want to see you succeed. Please stay in touch so that we can celebrate your successes and help you connect with other accomplished ICS alums.

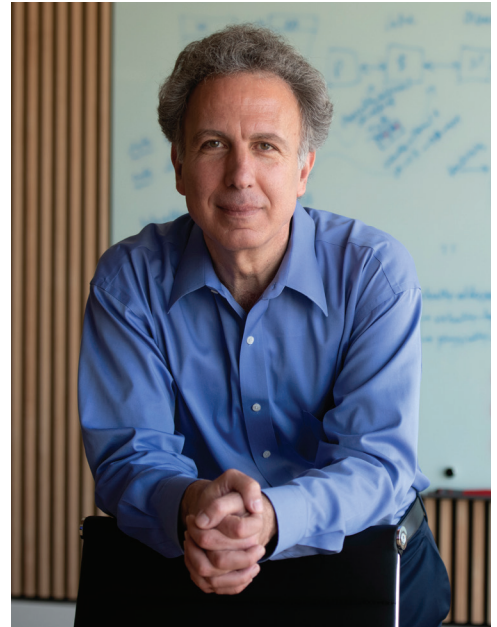

Congratulations to the Class of 2023! The ICS faculty and staff take great pride in your accomplishments and look forward to watching you continue to make a positive difference in the world.

| School of Law

Dear Graduates and Guests,

On behalf of our faculty, administrators, staff and the entire UCI Law community, I congratulate the Class of 2023, and thank them for enriching the University of California, Irvine, through their hard work and myriad achievements.

Over the past three years, the Class of 2023 has learned indispensable skills, represented clients, and performed prodigious amounts of pro bono work and community service. In doing so, they have made a tangible difference in the lives of so many. They have proven themselves leaders in the classroom and the community. UCI Law will always be a special place due in large part to the efforts of this outstanding class. They helped build organizations, invite speakers and plan events, represented the school in national competitions, written scholarly papers, and welcomed the classes of students who came after them.

For the past three years, they have carried the mantle of representing UCI Law with aplomb. In the courtroom, classroom and community, they have displayed not only legal prowess, but civility, empathy and respect for others. They have shaped this institution, and further established our culture as welcoming, supportive and collegial.

Soon, the Class of 2023 will begin utilizing the skills acquired here, advocating fearlessly with uncommon drive and ambition. Forever they will remember their days here - preparing for an argument in moot court, discussing a lesson with friends and faculty, or taking a break in the courtyard between classes.

I want to thank the Class of 2023 for being an important part of UCI Law and for all they have done, and all they will continue to do. I wish each of them all the best as they embark on a fulfilling, rewarding career. They will always be members of our unique and special UCI Law family. We look forward to helping the class stay connected through alumni events at the Law School and the places where our alumni practice.

Warmly,

Austen Parrish

| School of Medicine

Congratulations on your upcoming graduation, Class of 2023! On behalf of the faculty and staff of the University of California, Irvine School of Medicine, I commend you for achieving this educational milestone.

As you pause to reflect on all that brought you to this moment, you are no doubt grateful to many—from family to friends to mentors—who supported, encouraged and advised you along the way. They are cheering your accomplishments, along with every School of Medicine faculty and staff member who had the privilege of interacting with you during your time here.

Your graduation may mark the end of your time at the School of Medicine, but it begins a lifetime of professional learning. Your training was designed to prepare you for this moment, encouraging curiosity and motivating you to pursue innovative research and to always seek new and better approaches and treatments to improve health—whether the discoveries belong to you or others.

For our MD class, the class of 2023, you are preparing to embark on post-graduate training in 18 medical specialties. Nearly 70 percent of you will enter training programs in California – many will work in underserved areas. It is a privilege to have you join us in the profession of medicine.

For our graduating Master of Science, PhD and Medical Scientist Training Program students, your contributions to medicine and biomedical research are changing the future for people around the world. Your graduate education will serve you well and we look forward to your continued contributions in academia, industry, medicine and health.

For our graduating Master of Science students, you have been provided with a strong foundation to pursue your budding careers and represent your professions with distinction. Genetic Counseling graduates are empowered to improve lives informed by medical genetics as patients navigate the implications of genetic variations in health and illness. Biomedical & Translational Sciences graduates are prepared to conduct high-quality multidisciplinary clinical research to facilitate the rapid transformation of basic knowledge to clinical medicine.

For our PhD graduates in Biomedical Sciences and Medical Scientist Training Program graduates, your contributions to medicine and biomedical research are changing health outcomes for people around the world. Your graduate education will serve you well as you seek breakthroughs in healthcare and we look forward to your continued contributions in academia, industry, medicine and health.

For all of our students, UCI School of Medicine is dedicated to advancing the knowledge and art of medicine and biomedical research. Each year, we applaud the achievements of over 100 MD program graduates, 50 PhD, MD/PhD and MS students, as we celebrate the completion of these rigorous programs. As your class prepares for their collective future, your ongoing commitment **will change the world for the better**, and as you enter the ranks of your chosen profession, you become the public face of this school.

Through your work, people will see the positive impact of our mission: Discover. Teach. Heal. We extend our best wishes for every success as you continue your pursuit of knowledge. Once again, congratulations to the UCI School of Medicine Class of 2023!

| School of Physical Sciences

Congratulations on finishing your degree in the UCI School of Physical Sciences! This may feel like the end, but, really, it's just the beginning — a bright beginning for the next phase of your life, one made all the more brilliant by your years of preparation in the halls of our School. Whether you plan to pursue graduate or professional studies, or you plan to start your career right away, UCI Physical Sciences offers a doorway to success unlike any other.

Over 40% of you graduates conducted undergraduate research, and many of you successfully applied to graduate and professional programs. That, and I applaud the many of you who took the initiative to participate in our mentor program — an experience that will continue working its health into your lives long after you leave UCI. We invite you to return as mentors to coach the next generations of students, and share with them the experiences of what will no doubt be shimmering careers.

As a Physical Sciences alum, you may dedicate yourself to the most abstract mathematical proof, or to the most tangible attempt to alleviate human suffering. Some of you may spend a large part of your life trying to understand a single particle, others may want to grasp the big-picture of the whole Universe or how the Earth's climate will change over the next century. There is great value in each of these pursuits, as well as the whole spectrum of careers between these limits. The faculty and staff wish you the best of luck as you continue to pursue your passion and make a difference in the world.

Congratulations again on completing such a demanding degree. The world needs quality mathematicians and scientists, so be sure to contribute, expand and share your vast knowledge and experience as much as you can.

Keep active!

Bring enthusiasm to all your endeavors!

Keep in touch!

| School of Social Ecology

Dear Class of 2023:

Congratulations on completing your degree from the School of Social Ecology!

We are proud of your accomplishments, especially during this historic time. You adapted to learning during the pandemic and successfully finished, all while also completing your many hours of field study. We commend you on your perseverance.

As we celebrate your achievements, we wish you success along the next path of your journey. You earned your degree from our school, a leader in interdisciplinary research, team science, and community-embedded scholarship. You have studied and researched alongside faculty members and fellow students who share a commitment to understanding human behavior and seek to make the world a better place. Our research, courses and field study opportunities are oriented at solving some of the most crucial social and environmental challenges of our time, including issues involving the coronavirus pandemic, mass incarceration, environmental sustainability, homelessness, poverty and mental health. With this stage of your education now completed, we encourage you to take what you have learned to become part of the solution.

Our school also emphasizes the importance of equity and justice. We have prepared you to think about how you can help advance a more equitable society. We will look to you with great hope as you apply that greater sense of purpose in your next endeavors.

No matter where you are headed next or what you will do, please know that we take pride in you and your accomplishments. And, as alumni of Social Ecology, we hope you will please remember to stay connected so we can continue to cheer on your successes.

Congratulations on your graduation and go out and make a difference!

Best wishes,

| School of Social Sciences

Congratulations, UCI social sciences graduates! I'm so proud to welcome you as our newest members of the Social Sciences Alumni Network. With your graduation today, you are joining an elite group of more than 60,000 changemakers who can be found everywhere from the halls of justice in D.C. to capitals around the world engaged in work that's truly changing lives. Our alumni are making a difference through entrepreneurial endeavors from Northgate to Northern Africa, in courtrooms across the nation, boardrooms in some of the world's top companies, and classrooms around the globe training our next generation of leaders.

While each of your pathways to this degree has been unique, your shared experiences as an Anteater will stay with you long after leaving campus today. And no matter your story, you've all shown the true resiliency of the soc sci Anteater spirit.

As you embark on your next chapter, your individual versions of "what's next," I challenge each of you to continue pursuing a future that makes the world a better place than you've found it. Be bold, always break the mold, and be boundaryless in your pursuit.

Congratulations, social sciences graduates of the class of 2023.

Commence. Begin. Launch. Arise. Come into being.

June's Commencement ceremonies at UCI represent the culmination of years of hard work, dedication, and determination. They also represent the beginning of the next phase of your lives.

It is my honor and pleasure to congratulate you for earning degrees during the 2022-23 academic year, as well as those who are here to celebrate with you. No one can complete this journey without a great support system.

Commencement is a time to reflect, but it is also an opportunity to publicly recognize the transition from a student to a leader and innovator in today's ever-changing world. The world is better for the critical thinking skills and knowledge you will put to work in a positive and impactful way. You have earned the highest degree in your discipline, and you are the future we await.

As of this moment you are now part of a proud family of UCI alumni, and I hope you stay in touch and keep us informed of your accomplishments. Celebrate today and know that we look forward to celebrating your accomplishments for years to come.

DONALD A. STRAUSS
SCHOLARSHIP

Awarded 2021

Steven Gong

| UCI Alumni Association

To the Class of 2023:

Congratulations — you made it! Too often, we rush through our accomplishments, eager to leap forward and find out what's next. But this is a powerful moment, one that you will hold onto forever. So, take a deep breath, look around you and capture a mental picture of this day. Years from now, in the quiet moments between each exciting new milestone you will reach, you can recall these memories. This feeling of pride, and the determination and work ethic it took to get here, are things that can never be taken away.

I can still picture my own graduation day, as the first in my family to earn a college degree. I understood what that day meant for not only my future, but for the future of my (eventual) children. Whatever your journey was to this point, there is no doubt you faced challenges and sacrifices along the way. You will never regret taking the time to pause and relish in all that you have overcome and achieved. Remember to do this throughout life, as you have many more powerful moments to come, and you will never regret taking the time to breathe it all in, relish it.

On this day celebrating your hard-earned accomplishment, also take a moment to express gratitude to all who have journeyed by your side while providing support and guidance — your family, friends, faculty and your Anteater community. With each step forward, know that your fellow Anteaters go with you and that you will forever be a part of the bold and pioneering UCI alumni family!

As an alum you will always represent UCI, and I hope you do so with pride. I encourage you to stay connected, remain involved and strengthen your relationship with the university and Anteaters of all graduating classes past and future. Our online mentoring platform, The Anteater Network (antnet.uci.edu), is a wonderful way to do just that!

The UCI Alumni network has more than 240,000 members and accomplished individuals who are invested in your success and can help you increase your connection to our alma mater. As an active member of the Alumni Association, you will help continue a tradition that makes UCI and the alumni network itself stronger. Find out how you can leverage the benefits and services of being a member, including The Anteater Network, access to online research databases and UC libraries across the system, career services and networking events for young alumni.

Fifty-eight years ago, UCI was established with a vision to become a driving force for discovery and innovation serving our local, national and global communities. You leave today helping to realize that vision.

I invite you to stay connected to your Anteater family no matter where you go in the world. Engage with our UCI Alumni at regional events, participate in our online community and be part of the more than 38 chapters and networks across the world.

As you take those next steps forward, know that there are so many individuals who are in your corner cheering you on — your family, your friends, your professors, and your fellow alumni. You are now a college graduate and we are so proud of you, Anteater!

Zotfully yours,

Melissa Beck, MBA '12

| The UCI Mace

The Mace leads the Commencement processional and is carried by a member of the UCI Alumni Association Board of Directors.

The names of each UCI Chancellor are engraved on the top

Carved from California oak, the Mace is designed to resemble the nose of an anteater, UCI's mascot.

The UCI Alumni Association presented the UCI Mace to the campus on May 12, 2000.
