# | Message from the Chancellor

**Dear Class of 2018:**

Congratulations on reaching this very special milestone in your life. Today, as we celebrate the University of California, Irvine's 53rd commencement, enjoy the pride, nostalgia, and excitement of the moment. As you participate in these time-honored graduation rites, I encourage you to remember that you did not achieve this success alone or in a vacuum. Please take the time to thank the family, friends, and mentors who have supported and shepherded you through this journey.

All of us are extremely proud of your accomplishments and the contributions you have made to UCI and our community. I am even more excited, though, by what lies ahead for you, as you enter the world enabled, empowered, and inspired to succeed in whatever endeavors you choose to pursue.

Today, as you join the proud alumni of UCI, you become part of a family of graduates who are leaders, innovators, and teachers who make a difference in our global community. Please come back and visit us, update us with news on your careers, and stay in touch through the Alumni Association. Wherever the future leads you, you will always be remembered at UCI.

Fiat Lux,

**Howard Gillman**

Chancellor

# | The UCI Mace

The Mace leads the Commencement processional and is carried by a member of the UCI Alumni Association Board of Directors.

The names of each UCI Chancellor are engraved on the top

Carved from California oak, the Mace is designed to resemble the nose of an anteater, UCI's mascot.

The UCI Alumni Association presented the UCI Mace to the campus on May 12, 2000.

# Message from the Vice Chancellor, Student Affairs

## **Dear Class of 2018 Graduates:**

Congratulations! You are graduating, and what a splendid occasion to celebrate your achievement.

It is my sincere hope that UC Irvine has been a magnificent place to further crystalize and nurture your dreams and aspirations. We hope that your experiences have inspired you with the desire to make your place in the world and engage the global landscape with confidence and assurance.

Anteaters know that a truly educated person is committed to following one's passions and having a life-long thirst for knowledge and discovery. While following in the footsteps of many other UCI alumni, know that your lives hold no limits in changing the terrain of our world. I encourage you to remain on the cutting edge of new technologies, information, artistry, research, and social justice, even as you develop and engage in opportunities to demonstrate the leadership and character that was a foundation for your learning.

Since the first day of classes on October 4, 1965, UC Irvine has maintained the ambiance of a small college campus with a strong network of mutual support among students, faculty staff and administration. We have also maintained a very diverse academic community that, as you reflect on the lessons you have learned from these co-curricular experiences, should position you well as a citizen of a global world. Members of the "Eater Nation" know their campus to be a nurturing and caring environment. This "small college feel" mixed within a diverse environment, infused with academic and research excellence, innovation and discovery, are all aspects of our distinctive legacy in which we take great pride. All of this remains available to you as you go about creating new paths in the world and building your professional and family lives.

It is now your time to direct your life's pursuits on a trajectory toward achievement and greatness. Your academic and co-curricular learning experiences have provided you with everything you need to navigate the pathways to productivity and success. Upon graduation, the promise of a University of California, Irvine education becomes a commitment to share the Anteater legacy. We take personal pride in your accomplishment today. We ask that you keep true to the legacy you now inherit, and go make the world a better place.

Zot, Zot, Zot!

Vice Chancellor, Student Affairs

# Claire Trevor School of the Arts

## 2018 Claire Trevor School of the Arts graduates,

Hard to believe, but your UCI years are, as of today, past! You're now "CTSA Class of 2018," with all the bragging rights pertaining thereto. You've been an integral part of the amazing UCI experience, and today you become one of tomorrow's creative leaders in and for the arts, a voice for the vital role the arts play in our world. Your research into that role isn't over; it's just beginning. We hope and expect that your time in the Trevor School has given you the tools—and the passion—to achieve your highest aspirations in the next chapters of your life.

We thank your parents, relative, friends and other mentors for the vital contributions they have made to your success at UCI. And a special thanks to those alumni and others whose partnerships with the Trevor School, and with you, have provided support for the programs and facilities that have contributed to your success at UCI.

All of us who remain behind in CTSA—faculty, staff and students—who have worked with you and watched you develop as an artist and as a person during your time with us are extremely proud of your many accomplishments, eagerly await your next creative achievements, and hope that you will forge a close connection with us as you continue to develop the skills and talents you discovered and shaped during your time at UCI.

All very best wishes for your *brilliant* future!

**Stephen Barker, Ph.D.**

## About Claire Trevor

While millions knew Claire Trevor (1910-2000) as one of America's most distinguished actors, those closer to her knew her as a person deeply devoted to her family, as well as a passionate advocate for the arts and arts education. The Claire Trevor School of the Arts at the University of California, Irvine is proud to be entrusted with Claire Trevor's legacy and honors her spirit by embracing the values she believed in and practiced throughout her life.

## **Dear Class of 2018,**

Congratulations on your Commencement from UC Irvine and the Ayala School of Biological Sciences. Through hard work and determination, you have completed one of the most rigorous undergraduate programs on the campus, and are well trained and positioned to achieve great things in your future endeavors.

Today, your hard work at the Ayala School is being lauded with the celebration of your Commencement. From tomorrow onward, as one of our thousands of alumni, remember what you have learned here and apply it well. You will find that UCI has helped to prepare you superbly for your future, whatever it holds.

As you embark on the next phase of your life, I encourage you to reflect proudly on your time here. UCI BioSci is now embedded in your DNA, so I urge you to stay connected with us as your journey continues. That way we can continue to celebrate your successes and provide you with the opportunity to inspire the generations of students who will follow in your footsteps through our halls.

Congratulations,

# The Paul Merage School of Business

**With life comes change, and with change comes opportunity.**

On behalf of everyone at The Paul Merage School of Business, I offer my sincere congratulations to you—and to all those family and friends who have supported you—as you embark on the next phase of opportunity in your life. On this day of celebration, we are all reminded how hard you have worked and how you have grown to enable yourself to take advantage of the opportunities ahead.

This year, the Merage School graduates nearly 700 leaders in business, including those from our Undergraduate business major; our Full-Time MBA, Fully Employed MBA, Executive MBA, Health Care Executive MBA programs; our three Specialty Masters programs in Professional Accountancy, Finance, and Business Analytics; and our Doctoral program. Each of you has earned a degree that will continue to pay dividends for the rest of your life.

The Merage School is proud of our part in developing world—ready visionary leaders who will inspire trust, think critically, drive innovation, and challenge the status quo. Our rigorous academic programs are taught in a purposefully collaborative setting surrounded by leading global executives from our vibrant and supportive Orange County business community and beyond. We are committed to our vision to be at the forefront of education and research among globally preeminent business schools.

In the constantly evolving environment of a digitally—driven world, our world—class research faculty are developing and disseminating the knowledge necessary for business and not-for-profit communities to anticipate and take advantage of emerging challenges. A critical component of economic success is effective and timely business strategies designed to sustain profitable business growth. The Merage School's strategic plan builds on the strength of the school to deliver educational excellence valuing diversity, collaboration, inclusivity and respect.

Today, you join an elite group of alumni across the globe. I encourage you to return to your alma mater often, whether to seek further enrichment, expand your network, or to give back to current students seeking your mentorship and support. You have a responsibility as a proud Merage School alum to serve as an ambassador for the School; I hope we have earned your enthusiasm and willingness to do so.

Finally, we at The Paul Merage School of Business thank you for the enrichment you have brought to the School, for the lessons you have taught us, and for the opportunity to share in your success on this special day. We are the better for it, and will always continue to strive to be the very best.

## **Dear Graduates,**

I have the great privilege to congratulate you on successful completion of one of the School of Education's innovative programs. Your graduation from the Doctor of Philosophy in Education, Masters of Arts in Teaching, Bachelor of Arts in Education Sciences or CalTeach program has prepared you to lead a meaningful and productive life, making a difference in the lives of others through contribution to formal and informal education.

The concepts and competencies you have mastered in your program are critically important for the challenges we currently face. Our information society and knowledge economy place greater importance on education than ever before. Our economic competitiveness and democratic political system is dependent on an educated labor force and citizenry.

The knowledge and skills you have developed will be invaluable in contributing to education through outstanding research, policy, curriculum, pedagogy and advocacy. Some of you will apply key educational principles in classrooms, out-of-school programs and community life. Others will conduct critical research for creating and implementing policy changes. Still others will design software and technologies for learning. I am grateful for your commitment to improving education for all.

In the years ahead, you will be well served to remember the lessons learned in your studies at UCI. You have learned to recognize the role of persistence, grit and resiliency in overcoming challenges in both educational processes and life. You understand that education and human development are lifelong journeys that do not end on graduation from school, but must continue to be nourished and cultivated in your daily lives. Great educators are strong learners. I am confident that you will continue to grow, change and learn to meet the challenges of tomorrow.

Congratulations on your current accomplishments and best wishes for great success in your future endeavors.

# The Henry Samueli School of Engineering

**It is with great excitement** that I offer my heartfelt congratulations to the Samueli School of Engineering Class of 2018. As a UC Irvine graduate, you are now a member of a global Anteater community of engineering alumni and friends. You have taken a first step toward future success by laying the foundation for a better life for you and your family.

The entire Anteater Engineering community joins me in celebrating your new beginning. As you embark on your journey, you will face opportunities and challenges, but your perseverance and dedication to earning your engineering degree has prepared you well. We are proud of your determination and honor your achievements.

As the next generation of engineering innovators, you now have the knowledge, skills and leadership to tackle today's global grand challenges. With a UCI Samueli School degree, you are poised to imagine the impossible. We have every confidence in your ability to make a difference in the world.

As a young alum, I encourage you to do the following: maintain our values and devotion to excellence and lifelong learning, commit to truth and service as your moral compass, and remember to help those less fortunate. Today, you join extraordinary alumni who have entered the world with a profound sense of purpose in pursuit of their professional careers and higher education. Never forget your alma mater and the knowledge that you are part of a great and noble heritage. We will not forget you. Be bold, be brave, be your best.

# Susan and Henry Samueli College of Health Sciences

**Congratulations to the 2018 graduates of the Susan and Henry Samueli College of Health Sciences.** The College, which includes the School of Medicine, the Sue & Bill Gross School of Nursing, the Department of Pharmaceutical Sciences and the Program in Public Health, was recently endowed by Susan and Henry Samueli with the seventh largest gift to a single public university. The endowment positions the College as a bold, new leader in population health, patient care, education, and research, incorporating integrative health across all of our schools and programs.

You have reached a milestone in the development of your careers in the health sciences, and you and your families should be very proud of your accomplishments. Whether your path is in medicine, nursing, pharmaceutical science or public health, you are poised to enter a field in which you can make a difference in society and the world. There has never been more of a need to solve the problems facing society, and you have the education and skills to address those challenges. I encourage each of you to seize this opportunity to help others, either through clinical care, research, public policy or another health-related career. Each of our schools and programs is committed to the development of our students, and your accomplishments are the measure of our success. I am confident that you will make us proud as graduates of UC Irvine and the Susan and Henry Samueli College of Health Sciences.

## School of Medicine

**Congratulations on your upcoming graduation, Class of 2018!** On behalf of the faculty and staff of the University of California, Irvine School of Medicine, it is my honor to commend you on achieving this remarkable milestone.

As you enjoy your successes and victories, I encourage you to acknowledge the tremendous contributions that your family, friends and mentors have made. All of us are extremely proud of your accomplishments. This journey represents a lifelong learning experience that truly only begins upon graduation.

UC Irvine School of Medicine is dedicated to advancing the knowledge and art of medicine, and continues to be ranked as one of the top fifty medical schools for research by U.S. News and World Report. Our graduates are prepared to embark on their post graduate training in over 20 medical specialties. Each year, our school educates more than 400 medical students and trains more than 700 residents and fellows. Nearly 80 percent of our graduates will enter training programs in California—many of whom will be working in underserved areas.

It is a privilege to have you join us in the profession of medicine. As graduates of UC Irvine School of Medicine, you carry on our mission to Discover, Teach, Heal.

We send you our best wishes as you continue your medical education. We encourage you to treasure the opportunity to care for your patients with compassion and a commitment to excellence.

Congratulations to the UC Irvine School of Medicine Class of 2018.

**Michael J. Stamos, M.D.**  
Dean, School of Medicine

## Sue & Bill Gross School of Nursing

**On behalf of the University of California, Irvine Sue & Bill Gross School of Nursing faculty and staff,** it is my privilege to congratulate the members of the graduating class of 2018. Joined by your parents, family and friends, I am pleased to celebrate this magnificent milestone with you.

I am thrilled that your educational journey has inspired you to pursue nursing as your profession, and, in turn, make the world a better place. Opportunities in nursing are boundless. Whether you choose to pursue a beginning career on the frontlines of patient care, in advanced practice, or in advancing scientific knowledge, you all have chosen a field that is undergoing significant transition and growth, creating tremendous challenges and opportunities for innovative contributions. As you make your important mark on the nursing profession, I can unequivocally say that you will enjoy an emotionally fulfilling and personally rewarding career ahead. Although there will be rewards and challenges down the road, your career in nursing will provide you with the unique opportunity to serve as strong ambassadors for the delivery of compassionate care, cutting edge research, or healthcare policy development; enriching the health of societies around the world one patient at a time. Never forget that patient-centered engagement is your foundation.

To each graduate who will be individually recognized, I offer my best wishes and heartfelt congratulations. We look forward to seeing where your future endeavors may lead and to hear about the impact you will have with patients, families and communities in which they reside. As new members of the Sue & Bill Gross School of Nursing alumni, we hope you will continue to move forward in your nursing trajectory.

With best wishes,

**Adey Nyamathi, Ph.D., ANP, FAAN**  
Founding Dean, Sue & Bill Gross School of Nursing

# Department of Pharmaceutical Sciences

**Congratulations to the UCI Pharmaceutical Sciences Class of 2018.** Today we celebrate your years of hard work and dedication. This achievement marks the beginning of a new and exciting chapter in your lives. You have chosen to pursue a career in the dynamic and rapidly changing field of science and medicine. Every day, pharmaceutical scientists are improving our society's health and wellbeing in health care, academia, research, and government.

Our program has equipped you with the scientific background to succeed in any biomedical professional school or career, but more importantly, we have trained you to be transformative drivers of change. As pharmaceutical scientists, you will help advance medicine, apply innovation, and add healthy years to human life. As many of you head off to pharmacy school, medical school, or the workforce, you will undoubtedly play an integral role in shaping a brighter, healthier future.

Today is the beginning of an exciting opportunity to make your mark in the world. I have no doubt you will succeed on any path you choose. We are privileged to be a part of your journey, and you will always be a part of our Anteater family. We look forward to hearing from you in the future about your achievements, so please keep in touch.

Congratulations from all of us in the PharmSci department!

**A. Richard Chamberlin, Ph.D.**

Chair, Department of Pharmaceutical Sciences

# Program in Public Health

**This academic year** witnessed a series of events that remind us of the broad scope of public health research, education and community engagement at UC Irvine: addiction to opioids is linked to unprecedented lowering of life expectancy; antibiotic resistance threatens control of infectious diseases; the debate on gun violence and mental health. In all these, you, today's graduates, have put UC Irvine on the map as a world-class institution committed to the discovery of fundamental knowledge about health risk factors and translating such knowledge to improve the health of all populations. I am honored to be part of the transformation of our institution through the newly endowed Susan and Henry Samueli College of Health Sciences, and to congratulate the path-breaking class of 2018!

UC Irvine is now firmly established as an institution with distinguished degrees in public health. This year, our Master of Public Health (M.P.H.) degree was ranked #1 among 50 Best Public Health Schools ranked by the College Affordability Guide. Our Bachelor's Degree Programs are ranked #2 in the United States. Your graduation with a UC Irvine degree in Public Health signals to the world that you have acquired the skills for making discoveries in our campaign to prevent disease in all populations and to promote inclusive wellness. You are also endowed with rare insight into the strategies for societal investments in public health. The challenges facing the health of people worldwide have never been more urgent. Today, we signal to the world that you are prepared to engage in the rigorous intellectual pursuits and the collaborative actions needed to research, reveal, reflect, and reform society's investments in population health. Our curriculum provided opportunities for many of you to glimpse a vision of a world with a lighter burden of disease, and to cultivate the skills necessary to accomplish your goals.

A world of challenges and opportunities awaits you. You were taught by one of the most distinguished faculties anywhere in the world. You are motivated to strive for excellence in the quest for personal and professional fulfillment. Hold on tightly to your academic strengths for responsible scholarship and public service to make our world a better place.

I congratulate the families and friends who have provided steadfast support and encouragement to our graduates throughout their studies. Together, we have done well to plant the seed for their successes; and together, we shall continue to nurture their commitment to meaningful prosperity in their chosen field of Public Health.

# | School of Humanities

**Commencement means the start of something new.** Graduation means stepping up to another, higher level.

Today, we celebrated the successful completion of your degree, and I heartily congratulate you on this most important achievement. It is you and your hard work, your irrepressible enthusiasm, and, yes, your relentless questioning that makes for the greatness of our educational institution. We owe you what you have given us, and in turn, we ask only that you put to good use the skills and wisdom you have learned here.

In the humanities, we concern ourselves with everything human, what human beings have thought, written, made and done in all times, places and cultures. What we “call” the ongoing archive of human existence philosophy, literature, visual art, religion or history is no doubt less important than that we find in what other human beings have done as potential models for what to do, or not do.

Those skills you have learned here—reading closely, observing critically, thinking logically and analytically, researching methodically, and writing clearly and persuasively—are not the skills of a single job. We prepare you for much more than that. These are basic skills that can be readily applied to any number of careers, including many that the future has yet to create. But the humanities also prepare you for all the other things that happen to us in life, things that truly matter, such as love, beauty, the challenges of leadership, the richness of human experience, the courage to think for oneself, and the ability to follow those paths less travelled.

Your humanities education will thus unfailingly serve you as you live the lives you will indeed commence today, graduating onto greater success, being even more successful than those who helped you get here today—your parents and family, your professors and advisors, your colleagues and friends.

Please give them the thanks they deserve as they in turn give you all the applause you deserve for the success you have achieved here at UC Irvine, and for all the success I know you will have going forward.

Congratulations and enjoy your *commencement*!

# Donald Bren School of Information and Computer Sciences

**The world runs on technology:** from artificial intelligence to big data, from digital media and learning to digital health, from cybersecurity to human-machine interaction. These technologies represent only a few of the cutting-edge areas that faculty, students and alumni from the Donald Bren School of Information and Computer Sciences (ICS) have dedicated themselves to in order to make the world a better, safer place for the future.

As students, and now alumni, of ICS, the only computing-focused school in the UC system, you were part of helping us grow into one of the largest and most diverse computing programs in the country. ICS prides itself on providing computer science and information technology leadership for the 21st century through research and development of emerging technologies, innovative and broad computing curricula, and collaborations that address key societal needs. You have shown incredible creativity and entrepreneurial spirit during your time at UC Irvine, and you are now prepared to lead the way in creating a bright future for society.

As ICS continues to explore the various ways technology can revolutionize the world around us, there will be many excellent opportunities for you as ICS alumni. Whether you are continuing your education or joining the workforce, remember that you are now part of a growing network that is nearly 10,000 ICS alumni strong who want to see you succeed. Please stay in touch so that we can celebrate all of your successes as you go off to pursue your dreams.

Congratulations to the Class of 2018! The ICS faculty and staff take great pride in your accomplishments and look forward to watching you continue to make a difference in the world.

# | School of Law

## **Dear Graduates and Guests,**

I know that I speak for our faculty, administrators, staff and the entire UCI Law community when I congratulate the Class of 2018, and thank them for further enriching the law school, as well as the University of California, Irvine.

Over the past three years, the Class of 2018 has learned indispensable skills, represented clients, and performed prodigious amounts of pro bono work and community service. In doing so, they have made a tangible difference in the lives of so many. They have proven themselves leaders in the classroom and the community.

UCI Law will always be a special place due in large part to the efforts of this outstanding class. They helped build organizations, invite speakers and plan events, represented the school in national competitions, and welcomed the classes of students who came after them.

For the past three years, they have carried the mantle of representing UCI Law with aplomb. In the courtroom, classroom and community, they have displayed not only legal prowess, but civility, empathy and respect for others.

For these reasons, and countless more, they have helped build and shape this institution, and they further established our culture as welcoming, supportive and collegial.

Soon they will begin utilizing the skills acquired here, advocating fearlessly with uncommon drive and ambition. Forever they will remember their days here—preparing for an argument in moot court, discussing a lesson with friends and faculty, or taking a break in the courtyard between classes.

I will always have a deep affection for the Class of 2018—they are the first class to graduate during my tenure as dean. I thank them for being a part of UCI Law and for all they have done, and all they will continue to do. I wish each of them all the best as they embark on a fulfilling, rewarding career.

Warmly,

**Congratulations on completing your degree** in the Physical Sciences!

I hope you agree that your studies in our School have been a great preparation for the next phase of your life. Whether you hope to pursue graduate or professional studies, or plan to start your career right away, the Physical Sciences offer a great doorway to success.

Over 40% of you graduates conducted undergraduate research, and many of you successfully applied to graduate and professional programs. I also applaud the many of you who took the initiative to participate in the mentor program. These experiences will be part of the career boost that we strive to provide. We invite you to return as mentors to coach the next generations of students with your oncoming career achievements.

As a Physical Sciences alum, you may dedicate yourself to the most abstract mathematical proof, or to the most tangible attempt to alleviate human suffering. Some of you may spend a large fraction of your life trying to understand a single particle or what happens over the tiniest fraction of a second, others may want to grasp the big picture of the whole universe, or how the Earth's climate will change over the next 50 years. There is great value in each of these pursuits, as well as the whole spectrum of careers between these limits. The faculty and staff wish you the best of luck as you continue to pursue your passion and make a difference in the world.

Congratulations again on completing such a demanding degree. The world needs quality mathematicians and scientists; so be sure to contribute, expand and share your vast knowledge and experience!

Keep active!

Bring enthusiasm to all your endeavors!

## **Welcome to the 2018 Commencement Ceremony for the School of Social Ecology!**

We are proud of the students who will be receiving their degrees today and thrilled so many others are joining us on this special day of celebration. We especially would like to thank those parents and other loved ones who have supported our students over the years to make this day a reality.

Today we mark the achievements of our students earning baccalaureate and master's degrees from the UCI School of Social Ecology, a leader in interdisciplinary research, team science, and community—embedded scholarship that drives science based solutions to critical social and environmental problems. Faculty and students share a commitment to understanding human behavior in larger social and institutional contexts, moving beyond traditional boundaries, and reaching a broad audience.

Although our research spans many disciplines, it clusters into three main hubs: Healthy People and Places; Crime Prevention and Social Justice; and Technology and Human Potential. These hubs encompass various challenges our faculty and students are addressing, ranging from global poverty to prison overcrowding, from gang violence to healthy child development, from health risks to community empowerment.

Our core commitment to science driving solutions is coupled with an equally important commitment to civic engagement. Our unique undergraduate Field Study Program links the classroom and the community, giving students hands-on opportunities to tackle pressing issues confronting business and community organizations locally and globally. These real-world experiences prepare our students with critical skills that will serve them and our communities in the future.

Soon the class of 2018 will join over 25,000 Social Ecology alumni who are working in fields as diverse as health care, finance, human services, planning, education, law and public policy. Our alumni are enhancing the local, regional, and global communities in which they live. I look forward to hearing about the future endeavors of our newest graduates.

Best wishes,

# | School of Social Sciences

**Just over 50 years ago, the founders** of the UCI School of Social Sciences went rogue. They broke with convention to forge connections with scholars whose different approaches—from quantitative to qualitative, formal to interpretative—would tackle fundamental research questions and pressing social problems. To steal a term from former GE CEO Jack Welch, they went boundaryless, throwing caution to the wind, scrapping boundaries and bureaucracies to directly enact change.

More than half a century later, the school continues putting this approach into practice, breaking down traditional barriers to create change in society, economies and human well-being.

You, our student body, represent the realization of that maverick spirit.

As students of the largest school on campus, you've been in the conflict zones of the Middle East with the Olive Tree Initiative, and in Orange County high schools teaching global awareness. You've been in our groundbreaking behavioral economics labs testing new methods for reducing traffic congestion, creating better online marketplaces and preventing the spread of disease. You've been in our brain, behavior, and cognitive robotics labs mapping the structure of the human brain to understand how speech works in order to help restore it in victims of stroke, and building interactive robots aimed at improving social engagement in children with ADHD and autism. You've done fieldwork and studied abroad in India, Africa, China - indeed, everywhere on the planet, exploring fundamental issues of peace, politics, population, migration and cross cultural communication.

And I can't tell you how excited we are knowing that you're just getting started.

As a member of the largest UC Irvine graduating class of 2018, you're joining an elite network of more than 50,000 Soc Sci Anteater alumni who have been taking their world-class education from our Irvine classrooms to the halls of justice in D.C. and international relations work in capitals around the world. They've been making a difference through entrepreneurial endeavors in places from Northgate to Northern Africa, in courtrooms across the nation, boardrooms in some of the world's top companies, and classrooms around the globe where they've been training our next generation of leaders.

When you leave campus today, I challenge each of you to join them in pursuing a future that makes the world a better place than you've found it. Be bold, always break the mold, and be boundaryless in your pursuit.

Congratulations on all of your wonderful accomplishments,

**June's Commencement Ceremonies** at UCI represent the culmination of years of hard work. It is my pleasure to congratulate those of you who are receiving degrees during 2017-18, as well as those who celebrate with you.

Commencement is an opportunity to recognize publicly your transition from today's students to tomorrow's pacesetters. I hope that you will use the critical thinking skills and knowledge acquired during your studies at UCI to contribute to our world community and to help solve pressing problems. Now more than ever, when challenges and opportunities are global in scope, remember that you are the leaders of the 21st century.

We value the roles you will play and the contributions you will make in the days and years ahead. You are now part of a proud family of UCI alumni, and I hope that you will keep us informed of your accomplishments. Commencement is but one step in your journey of discovery. We look forward to seeing where your future endeavors may lead and to learning about the impact you will have on the world around you.

**Frances Leslie, Ph.D.**

# | UCI Alumni Association

## **Congratulations Class of 2018!**

You've graduated. Take a moment to reflect on everyone who supported you so you could be here today — your family, friends and faculty were all part of this journey. It's a journey that has actually just started. As you go forward in life, know you will forever be a part of the bold and pioneering Anteater alumni family!

As a member of the alumni family you will always represent UCI, and I hope you do with pride. I encourage you to stay connected, remain involved and strengthen your relationship with the university and your fellow alumni.

The UCI Alumni network has 188,000 accomplished individuals who can help your continued success and increase your connection to your alma mater. As an active member of the Alumni Association, you will help continue a tradition that makes UCI and the alumni network itself stronger. Find out how you can leverage the benefits and services of being a member, including access to online research databases and UC libraries across the system as well as career services and networking events for young alumni.

Fifty-three years ago, UCI was established with a vision to become a driving force for discovery and innovation serving our local, national and global communities. You leave today helping to realize that vision.

I invite you to stay connected to your Anteater family no matter where you go in the world. Engage with our UCI Alumni at regional events, participate in our online community and be part of the more than thirty-three chapters and networks across the world.

We are proud of you, Anteater!

Zotfully yours,

**Jennifer Friend Smith '95**

President, UCI Alumni Association

Proud Life Member
